Announcements

Construction for the new Entrance at 69th Street and Second Avenue is progressing. Work currently underway in the garage at 301 E. 69th Street and 1322 Second Avenue includes demolition of the concrete floor slabs and rock excavation for the escalator shaft. Noise, vibration and dust levels are being constantly monitored to ensure that threshold limits are not exceeded. There will be work zone, pedestrian walkway and traffic lane changes on the west side of Second Avenue between 69th and 70th Streets (Ancillary 1) and on the east side of 71st and 72nd Streets (Entrance 3). The work zone on the west side of Second Avenue between 66th and 67th Streets will be narrowed and moved west to allow for an additional travel lane on Second Avenue.

Lisa Blugh-Willis, Community Liaison for the 72nd Street/Lexington Avenue Station Area, has changed field offices and also has a new phone number. She is still located within the project area, but she can now be reached at 718 554 2351.

The New York City Department of Health will be holding two free rat prevention training sessions. These seminars will teach residents and building owners how to safely and effectively rid their property of rats and mice. The seminars; Wednesday, April 30th from 9:00 a.m. – 12:00 p.m. and Tuesday, June 24th from 2:00 p.m. – 5:00 p.m., will take place at the East Harlem Asthma Center of Excellence, 161-169 East 110th Street, 1st Floor. For more information or to register please call the New York City Department of Health at 646-632-6548 or email ratportal@health.nyc.gov

SAS Project News

CIC

The Second Avenue Subway Community Information Center (CIC) is located at 1628 Second Avenue, between 84th and 85th Streets.

Coming in April at the CIC

On the Q: The Sights and Attractions of the Q Line

Tuesday, April 15th at 6 p.m.

Phase 1 of the Second Avenue Subway will connect the Upper East Side with Q line service. From the Upper East Side, Carnegie Hall and Times Square to Brighton Beach and Coney Island, the Q line offers access to exciting attractions and vibrant communities. Local tour guide Matthew Cummings will discuss the sights, attractions, and neighborhoods found along the length of this line.

RSVP: (646) 449-8700 or http://transittalks8.eventbrite.com

Construction of Equipment Rooms in the Main Cavern (Looking South at Entrance 3 - 72nd Street and Second Avenue)
Project Overview

The future 72nd Street Station will have three new entrances including 11 escalators, and five street-level ADA accessible elevators at the southeast corner of 72nd Street and Second Avenue. Current work in this area includes construction of the station cavern and tunnels from the 72nd Street Station to the existing Lexington Av/63rd Street Station. This contract includes the demolition of buildings for ancillary locations at 72nd Street and 69th Street, and requires utility relocation for the installation of support of excavation walls. The estimated completion of this contract is Winter 2014.

A follow-on contract will then complete the mezzanine, platform, ancillary structures, station entrances, and the mechanical, electrical, and plumbing systems for the station. The estimated completion of the follow on contract is Fall 2015. Future plans regarding surface-level staging areas needed for this follow-on work will be conveyed to stakeholders and the community through ongoing project outreach and at regular Construction Advisory Committee meetings.

Construction Update

**SURFACE LEVEL**

- Concrete truck staging will continue between 74th and 76th Streets.
- Continue concrete pours at Ancillary 2 (northwest corner of 72nd Street and Second Avenue) and Entrance 3 (southeast corner of 72nd Street and Second Avenue) and commence pours at Ancillary 1 (northwest corner of 69th Street and Second Avenue).
- Continue Entrance 1 construction within garage of 301 E. 69th Street and basement of 1322 Second Avenue with basement floor demolition, rock excavation and utility relocation work.
- Reconfigure Ancillary 1 and Entrance 3 work zones to facilitate construction staging, material deliveries, equipment, etc., for the station finishes contractor.
- Reconfigure other work zones as needed.

**Underground**

- Installation of waterproofing system, concrete flooring, and walls within Ancillary 1, Ancillary 2 and Entrance 3.
- Continue material deliveries through Ancillary 1, Ancillary 2 and Entrance 3.
- Continue installation of main cavern mezzanine slab.
- Continue construction of equipment rooms and installation of pre-cast track walls.

**Work Hours**

MONDAY-FRIDAY: 7:00 a.m. to 10:00 p.m.
SATURDAY: 10:00 a.m. to 7:00 p.m. (as needed)
Work is permitted underground 24/7.

For concerns regarding Second Avenue Subway construction activities after business hours or on weekends please use the SAS 24/7 hotline # (212) 792-9716
