This brochure has been created to familiarize LIRR customers with options that may be useful if severe weather or other events require a full or partial suspension of LIRR train service.

This convenient reference tool consolidates information on existing bus and subway routes so that customers have all the available transportation options.

Travel Tips:

- Be prepared: Have a MetroCard with you at all times. Buses and subways cost \$2.25 per ride, but MetroCard provides free transfers between certain bus and subway lines.
- Familiarize yourself with subway and bus routes in advance. NYC Subway & Bus Maps/Schedules are online at www.mta.info. **TripPlanner+** allows you to customize your trip with all bus, rail and subway services throughout the MTA Regional Area. tripplanner.mta.info.
- The subway operates 24 hours a day, but not all bus lines operate around-the-clock. Buses may not take you directly to your home station.
