

## **New Haven Line: Delays Between Stamford and New Haven Caused by Circuit Breaker Fire**

New Haven Line customers between Stamford and New Haven may experience delays of 10 minutes caused by a circuit breaker fire at an overhead power substation east of Devon Moveable Bridge in Connecticut.

The potential for delays will continue until the interim repairs are completed and operations have been fully restored.

We appreciate your patience while we perform these repairs.

For more information, please call 511, in CT call 1-877-690-5114 or visit [www.mta.info/mnr](http://www.mta.info/mnr).
