Customers can access the south half of the waiting room from the south stairs, south escalator and elevator in the station lobby.

North half of the waiting room will be closed, through the end of 2019.

During this time there will be no access to the island platform from the north escalator and north stairs in the station lobby.

The restrooms will be closed until approximately the end of May 2019.

We appreciate your patience while we complete this important renovation.
