INTRODUCTION

TBTA, MTA and Other Related Entities

Triborough Bridge and Tunnel Authority, or TBTA, is a public benefit corporation, which means that it is a corporate entity separate and apart from the State, without any power of taxation – frequently called a “public authority”. TBTA is empowered to construct and operate toll bridges and tunnels and other public facilities in New York City. TBTA issues debt obligations to finance the capital costs of its facilities and the transit and commuter systems operated by other affiliates and subsidiaries of the Metropolitan Transportation Authority, or MTA. TBTA’s surplus amounts are used to fund transit and commuter operations and finance capital projects. The board members of MTA also serve as the board members of MTA’s affiliates and subsidiaries, including TBTA.

MTA has responsibility for developing and implementing a single, integrated mass transportation policy for New York City and the seven New York metropolitan-area counties of Dutchess, Nassau, Orange, Putnam, Rockland, Suffolk and Westchester. It carries out some of those responsibilities by operating the transit and commuter systems through its subsidiary and affiliate entities: the New York City Transit Authority (the Transit Authority) and its subsidiary, the Manhattan and Bronx Surface Transit Operating Authority (MaBSTOA); the Staten Island Rapid Transit Operating Authority (SIRTOA); The Long Island Rail Road Company (LIRR); the Metro-North Commuter Railroad Company (MNCRC); and the Metropolitan Suburban Bus Authority (MSBA). MTA issues debt obligations to finance a substantial portion of the capital costs of these systems, other than MSBA.

MTA, TBTA and the other related entities are described in detail in **Appendix A** to MTA’s 2002 Combined Continuing Disclosure Filings, which is included by specific reference in this official statement. Also included in **Appendix A** is a description of the impact on the Related Entities, including TBTA, of the terrorist attack on the World Trade Center (WTC).

On October 9, 2002, MTA announced plans to effect a corporate restructuring to create five distinct companies under MTA’s governance:

- MTA Subways, that would include the Transit Authority’s subway operations and SIRTOA,
- MTA Bus, that would include the Transit Authority’s and MaBSTOA’s bus operations and MSBA, and could in the future include one or more bus lines currently operated by private companies in New York City and Westchester,
- MTA Rail, that would include LIRR and MNCRC,
- MTA Bridges and Tunnels, that will retain the corporate structure of TBTA, and
- MTA Capital, a new company that would be in charge of overseeing the system expansion projects for all MTA companies.

This corporate restructuring along business lines is designed to streamline administrative functions and provide each entity with a single transportation focus. The initiative, which is expected to be implemented over a two year time frame, will be in compliance with all applicable provisions of the resolutions and laws under which MTA and TBTA issue bonds, notes and other obligations.

Subordinate Revenue Bonds

The Subordinate Revenue Bonds are special obligations of TBTA issued in accordance with the 2001 Subordinate Revenue Resolution Authorizing Subordinate Revenue Obligations (as supplemented, the "Subordinate Revenue Resolution") adopted by the TBTA Board on March 26, 2002. The Subordinate Revenue Bonds are payable generally from the net revenues derived from the bridges and tunnels operated by TBTA as described herein, after the application of such net revenues as required by TBTA's General Resolution Authorizing General Revenue Obligations (the Senior Resolution), adopted by the TBTA Board on March 26, 2002.

Debt Restructuring Program

Background. As part of the process of determining funding sources for its transit and commuter capital programs for the years 2000-2004, and in order to increase bonding capacity, release existing reserve funds and simplify its current credit structure, MTA developed a program to restructure its, the Transit Authority's and TBTA's debt by consolidating most existing credits into four principal new credits:

- MTA Transportation Revenue Bonds,
- MTA State Service Contract Bonds,
- MTA Dedicated Tax Fund Bonds, and
- TBTA General Revenue Bonds and TBTA Subordinate Revenue Bonds.

Portions of Debt Restructuring Completed. MTA and TBTA have fully defeased the resolutions and/or trust agreements relating to the following bonds and notes:

- MTA Transit Facilities Revenue Bonds and Bond Anticipation Notes,
- MTA Commuter Facilities Revenue Bonds and Bond Anticipation Notes,
- MTA Subordinated Commuter Facilities Revenue Bonds (Grand Central Terminal Redevelopment Project),
- Transit Authority Subordinated Transit Facilities Revenue Bonds (Livingston Plaza Project),
- MTA Transit Facilities Service Contract Bonds (1982 and 1987 Resolutions),
- MTA Commuter Facilities Service Contract Bonds (1982 and 1987 Resolutions),
- MTA Dedicated Tax Fund Bonds,
- TBTA Special Obligation Bonds (1991 Resolution), and
- TBTA Beneficial Interest Certificates.

Effect of Debt Restructuring on MTA Capital Programs. Based on amounts currently estimated to have been generated by the completed portions of the program, and depending on market conditions as MTA issues the remaining new money bonds related to the debt restructuring, less than the \$4.5 billion of restructuring proceeds originally forecast may be available for the 2000-2004 Capital Programs. (MTA currently estimates that the \$4.5 billion can be achieved, depending on interest rate assumptions for the remaining issues). MTA annually evaluates the status of all funding sources and projects and may, from time to time, submit amendments to the 2000-2004 Capital Programs needed to bring funding sources and expected project costs into balance. See DEBT RESTRUCTURING and 2002-2003 FINANCIAL PLAN AND 2000-2004 CAPITAL PROGRAMS in Appendix A.

TBTA Senior and Subordinate Revenue Bonds. On October 8, 2002, TBTA issued the following approximate aggregate principal amounts of bonds to refund outstanding TBTA bonds and all beneficial interest certificates:

- \$2.1 billion fixed rate General Revenue Refunding Bonds, Series 2002B (the Series 2002B General Revenue Bonds),
- \$103 million variable rate General Revenue Variable Rate Refunding Bonds, Series 2002C (the Series 2002C General Revenue Bonds), and
- \$262 million auction rate Subordinate Revenue Variable Rate Refunding Bonds, Series 2002D (the Series 2002D Bonds).

On October 8, 2002, TBTA substituted the TBTA General Revenue Bond Resolution (the Senior Resolution) for the TBTA general purpose revenue bond resolution adopted in 1980 as the resolution securing the following outstanding bonds and notes:

- \$23,530,000 General Purpose Revenue Bonds, Series EFC 1996A, that were issued as security for repayment of a loan in the same principal amount from the New York State Environmental Facilities Corporation from a portion of the proceeds of the \$102,515,000 New York State Environmental

Facilities Corporation State Water Pollution Control Revolving Fund Revenue Bonds, Series 1996C (Pooled Loan Issue), dated June 1, 1996,

- \$807,190,000 General Purpose Revenue Bond Anticipation Notes, Series 2000A, maturing on January 1, 2003 (the Series 2000A BANs)⁽¹⁾,
- \$1,125,720,000 General Purpose Revenue Bonds, Series 2001A,
- \$296,400,000 General Purpose Variable Rate Revenue Bonds, Series 2001B and 2001C, and
- \$268,300,000 General Purpose Revenue Bonds, Series 2002A.

On October 8, 2002, TBTA also substituted the Subordinate Revenue Resolution for the TBTA 1991 special obligation bond resolution as the resolution securing the following outstanding bonds:

- \$181,300,000 Special Obligation Variable Rate Refunding Bonds (1991 Resolution), Series 2000A,
- \$72,500,000 Special Obligation Variable Rate Refunding Bonds (1991 Resolution), Series 2000B,
- \$157,200,000 Special Obligation Variable Rate Refunding Bonds (1991 Resolution), Series 2000C, and
- \$96,600,000 Special Obligation Variable Rate Refunding Bonds (1991 Resolution), Series 2000D.

In addition, approximately \$234 million was applied on October 8, 2002 to the purchase of government securities sufficient to defease additional TBTA bonds.

On November 13, 2002, TBTA issued the following aggregate principal amounts of bonds to refund additional outstanding TBTA bonds:

- \$756,095,000 Subordinate Revenue Refunding Bonds, Series 2002E, and
- \$246,480,000 General Revenue Refunding Bonds, Series 2002F.

These Series 2002G Bonds are expected to be delivered on or about November 26, 2002 in order to refund and defease in full the remaining TBTA senior and subordinate bonds outstanding under the old resolutions (the Old TBTA Resolutions) in order to complete TBTA's refunding portion of the debt restructuring.

Upon issuance of the Series 2002G Bonds, the entire refunding portion of the debt restructuring will be completed.

Release of Existing Reserve Funds. Once the defeasance of the old TBTA Resolutions and all TBTA bonds and notes issued thereunder has been accomplished, approximately \$413 million in reserves will be released to TBTA and are expected to be used primarily to finance transit and commuter capital projects.

For a more detailed description of the debt restructuring, *see* DEBT RESTRUCTURING in **Appendix A**.

Defined Terms

Capitalized terms not otherwise defined in this official statement have the meanings provided by **Attachment 4**.

2003-2004 Financial Plan

MTA had previously adopted a financial plan for the years 2000 through 2004 for itself and the other Related Entities, including TBTA, which paralleled the various Capital Programs for the 2000 through 2004 period. In the case of LIRR, MNCRC, the Transit Authority, and MaBSTOA, the financial plan had projected significant operating deficits for 2003 and 2004 which MTA anticipated would be closed by a variety of actions taken before or

⁽¹⁾ On or about November 20, 2002, MTA expects to issue approximately \$846 million aggregate principal amount of its Transportation Revenue Bonds to provide for the payment of the Series 2000A BANs.

during those years. As a result of the extraordinary circumstances relating to the terrorist attack on the WTC and its aftermath, the MTA determined that it was appropriate to limit the scope of its financial plan to the 2002-2003 period (the 2002-2003 Financial Plan). The 2002-2003 Financial Plan reflects a balanced budget for 2002 for the MTA and each of the Related Entities, including TBTA. The 2002-2003 Financial Plan also reflects a budget gap currently projected at \$663.3 million for MTA and the Related Entities other than TBTA for 2003. As part of its annual process of preparing budgets, MTA and the other Related Entities are developing information regarding expenses and fare revenues and other receipts for 2003 to serve as the basis for determining the actual size of the 2003 gap which will need to be closed in the adopted budgets as well as proposed measures to close the projected gap. Estimates, both official and unofficial, as to the size of the projected gap and proposals as to the package of gap closing measures to be adopted are expected to be disseminated in the public media from time to time until the MTA and the other Related Entities adopt their actual budgets for 2003. The size of the gap included in the estimates of different parties could vary significantly from that currently included in the 2002-2003 Financial Plan. In addition, proposed gap closing measures may also change over time and include differing elements depending on the source of the proposals. MTA and the other Related Entities expect to adopt balanced budgets for 2003 prior to December 31, 2002. It is currently anticipated that in conjunction with the adoption of the 2003 budgets, MTA will adopt a financial plan covering the years 2003 and 2004 and may also include amendments to TBTA's 2000-2004 Capital Program and proposed amendments to the 2000-2004 Capital Programs for the other Related Entities. Such financial plan may continue to show operating gaps for 2004 for Related Entities other than TBTA which could be significant. TBTA is not expected to have a budget gap in the years 2003 and 2004.

Insurance Coverage Effective October 31, 2002

Effective October 31, 2002, MTA, on behalf of the Related Entities, procured property insurance coverage with \$750 million in limits excess of a \$30 million per occurrence self-insured retention. MTA is currently in the process of purchasing additional coverage to bring the limit up to \$1 billion. The property insurance provides replacement cost coverage for all risks of direct physical loss or damage to all real and personal property, with minor exceptions, but excludes coverage for acts of terrorism and sabotage. The policy also provides business interruption coverage.

MTA, on behalf of the Related Entities, has acquired separate coverage for acts of terrorism and sabotage in the amount of \$70 million in limits excess of a \$30 million per occurrence self-insured retention. The terrorism and sabotage policy provides business interruption coverage only for TBTA's bridges and tunnels.

In addition, excess liability insurance was renewed to provide a \$150 million in limits excess of a \$50 million per occurrence self-insured retention provided by the MTA's Excess Loss Fund. This program covers third-party liability occurrences arising out of the operations of the Related Entities.

PART I. SERIES 2002G BONDS

Part I of this official statement, together with the Summary of Terms, provides specific information about the Series 2002G Bonds.

REFUNDING PLAN AND APPLICATION OF PROCEEDS

Use of Proceeds

Upon the issuance and delivery of these Series 2002G Bonds, currently expected on or about November 26, 2002, all bonds and notes outstanding under the Old TBTA Resolutions will have been refunded, paid and/or defeased. The series designations, CUSIP numbers, maturities and principal amounts of all TBTA bonds and notes that were outstanding under the Old TBTA Resolutions that have been and are being refunded in connection with the debt restructuring, including those bonds that are being refunded with the proceeds of the Series 2002G Bonds (the Refunded Bonds), and the redemption dates and redemption prices applicable thereto are set forth in **Attachment 6**.

TBTA will retain its right to redeem prior to maturity those TBTA bonds indicated on **Attachment 6**.

Escrow of Government Securities

A portion of the net proceeds of the Series 2002G Bonds will be used to acquire direct obligations of, or obligations guaranteed by, the United States of America (Government Securities), the principal of and interest on which, when due, will provide, together with any moneys which may be deposited by TBTA with the trustees under the applicable Old TBTA Resolutions (the Prior Trustees), moneys sufficient to pay the principal or redemption price of the Refunded Bonds and the interest to become due on such Refunded Bonds on and prior to their respective maturity or redemption dates.

The Government Securities and such other moneys, if any, will be deposited with the Prior Trustees upon the issuance and delivery of the Series 2002G Bonds and will be held in trust for the payment of the principal or redemption price of and interest on the Refunded Bonds. Upon making such deposit with the Prior Trustees and the issuance of certain irrevocable instructions to the Prior Trustees pursuant to the applicable Old TBTA Resolutions, the Refunded Bonds will, under the terms of the applicable Old TBTA Resolutions, be deemed to have been paid and will no longer be outstanding under the applicable Old TBTA Resolutions and will cease to be entitled to any lien, benefit or security under the applicable Old TBTA Resolutions.

Interest Rate Swap

In connection with the issuance of the Series 2002G Bonds, TBTA expects to enter into an interest rate swap agreement or agreements with JPMorgan Chase Bank (the Counterparty) for the purpose of converting TBTA's variable rate exposure relating to the Series 2002G Bonds to a fixed rate (the Interest Rate Swap). The Interest Rate Swap is expected to have a notional amount equal to the par amount of the Series 2002G Bonds and an effective date equal to the date of delivery of the Series 2002G Bonds. The Interest Rate Swap is expected to have a term ending no earlier than January 1, 2010 and may end prior to the maturity of the Series 2002G Bonds. Under the terms of the Interest Rate Swap, MTA will pay a fixed rate to the Counterparty and receive a variable rate. The Interest Rate Swap will be a Qualified Swap under the Subordinate Revenue Resolution and, as such, TBTA's scheduled interest obligations under the Interest Rate Swap will constitute Parity Swap Obligations under the Subordinate Revenue Resolution.

DESCRIPTION OF SERIES 2002G BONDS

Unless the context otherwise indicates, references in the following description to the "Series 2002G Bonds" apply to each subseries of the Series 2002G Bonds independently. Actions may be taken, or determinations made, with respect to one subseries that are not taken or made with respect to any other.

General

Auction Rate Bonds. The Series 2002G Bonds will be dated the date of their initial delivery (the Closing Date) and will mature at the times and in the principal amounts as set forth on the **cover page** of this official statement. The Series 2002G Bonds initially will be in an Auction Rate Mode. While in an Auction Rate Mode, the Series 2002G Bonds will bear interest at an interest rate determined as described below under Determination of Interest Rates and Auction Periods for Series 2002G Bonds. **This official statement, in general, describes the Series 2002G Bonds only during the Auction Rate Mode.**

Interest on Series 2002G Bonds that are in an Auction Period of 180 days or less shall be calculated on the basis of a 360-day year for the actual number of days elapsed to the Interest Payment Date. Interest on Series 2002G Bonds that are in an Auction Period of over 180 days shall be calculated on the basis of a 360-day year consisting of twelve 30-day months.

Credit Enhancement. The scheduled payment of principal of and interest on the Series 2002G Bonds when due will be guaranteed under a financial guaranty insurance policy (the Insurance Policy) to be issued by MBIA Insurance Corporation (the Insurer). *See Bond Insurance below.*

Book-Entry-Only System. The Series 2002G Bonds will be issued as registered bonds, registered in the name of The Depository Trust Company or its nominee (together, DTC), New York, New York, which will act as securities depository for the Series 2002G Bonds. Individual purchases will be made in book-entry-only form, in the principal amount of \$25,000 or integral multiples thereof (Authorized Denominations). So long as DTC is the registered owner of the Series 2002G Bonds, all payments on the Series 2002G Bonds will be made directly to DTC. DTC is responsible for disbursement of those payments to its participants, and DTC participants and indirect participants are responsible for making those payments to beneficial owners. *See Attachment 1 – Book-Entry Only System.*

Interest Payments. Interest on the Series 2002G Bonds is payable on each Interest Payment Date as described below under the caption Determination of Interest Rates and Auction Periods for Series 2002G Bonds – *Interest Payment Dates*. So long as DTC is the sole registered owner of all of the Series 2002G Bonds, all interest payments will be made to DTC by wire transfer of immediately available funds, and DTC's participants will be responsible for payment of interest to beneficial owners. All Series 2002G Bonds are fully registered in Authorized Denominations.

Transfers and Exchanges. So long as DTC is the securities depository for the Series 2002G Bonds, it will be the sole registered owner of the Series 2002G Bonds, and transfers of ownership interests in the Series 2002G Bonds will occur through the DTC Book-Entry-Only System.

Trustee, Paying Agent and Tender Agent. The Bank of New York is Trustee, Paying Agent and Tender Agent with respect to the Series 2002G Bonds.

Determination of Interest Rates and Auction Periods for Series 2002G Bonds

The initial interest rate for each subseries of the Series 2002G Bonds will be established by TBTA and will apply to the period commencing on the Closing Date to and including the initial Auction Date specified below for each such subseries. Thereafter, each subseries of the Series 2002G Bonds will bear interest at an Auction Period Rate (as defined below) determined on each Auction Date for each Auction Period pursuant to the Auction Procedures set forth in **Attachment 4**. The Auction Period and Auction Date applicable to a subseries of the Series 2002G Bonds will be the Auction Period and Auction Date set forth below until the length of such Auction Period is changed to a daily, seven-day, 28-day, 35-day, three-month, six-month or Special Auction Period, as described *below under Change in the Length of the Auction Period.*

<u>Subseries</u>	<u>Initial Auction Date</u>	<u>Auction Date*</u>	<u>Auction Period**</u>	<u>Initial Interest Payment Date</u>	<u>Interest Payment Date***</u>
Subseries 2002G-1	January 14, 2003	each fifth Tuesday	35-day	January 15, 2003	each fifth Wednesday
Subseries 2002G-2	January 21, 2003	each fifth Tuesday	35-day	January 22, 2003	each fifth Wednesday

* If such day is not a Business Day, the Auction Date will be the Business Day immediately preceding such day.

** Subject to certain exceptions (*see Attachment 4-Auction Procedures-Definitions-Auction Period.*)

*** If such day is not a Business Day, interest will be payable on the Business Day immediately following such day.

Auction Period Rate means with respect to each subseries of the Series 2002G Bonds, the rate of interest to be borne by that subseries during each Auction Period, which shall equal the Auction Rate (as defined below) for each Auction Period, subject to the following exceptions:

- If the Auction Agent shall have failed to calculate or, for any reason, fails to timely provide the Auction Rate for any Auction Period, (a) if the preceding Auction Period was a period of 35 days or less, the new Auction Period and Auction Period Rate shall be the same as the preceding Auction Period and the Auction Period Rate, respectively, and (b) if the preceding Auction Period was a period of greater than 35 days, it shall be extended to the seventh day following the day that would have been the last day of such Auction Period (or if such seventh day is not followed by a Business Day then to the next succeeding day which is followed by a Business Day) and the Auction Period Rate will continue in effect for the Auction Period as so extended.
- If a default in the payment of principal or interest on any Series 2002G Bonds of a subseries when due has occurred and is continuing and the Insurer is in default under the Insurance Policy, the Auction Period Rate for the Auction Period commencing on or after the date on which the Auction Agent receives notice of such default and each Auction Period thereafter commencing prior to the date on which such default shall have ceased to be continuing, shall be the Default Rate.
- In the event that all conditions for a change in the Mode from an Auction Rate Mode to another Mode, or the conversion from one Auction Period to another Auction Period have not been met, the applicable Series 2002G Bonds of a subseries will continue to be in an Auction Rate Mode, with a seven-day Auction Period, and bear interest at the Maximum Auction Rate for the next Auction Period.
- If the Series 2002G Bonds of a subseries are not rated or if the Series 2002G Bonds of a subseries are no longer maintained in book-entry form by the Securities Depository, then the Auction Period Rate shall be the Maximum Auction Rate.

Auction Rate means the interest rate that the Auction Agent advises results from an Auction conducted in accordance with the Auction Procedures, which rate shall be as follows:

- If Sufficient Clearing Bids exist, the Winning Bid Rate.
- If Sufficient Clearing Bids do not exist, the Maximum Auction Rate.
- If all Series 2002G Bonds of a subseries are the subject of Submitted Hold Orders, the All Hold Rate.

In no event may the Auction Period Rate exceed the Maximum Rate. *See Attachment 4 – Auction Procedures – Determination of Auction Period Rate.*

Interest Payment Dates. Interest on each subseries of Series 2002G Bonds will be payable on the initial Interest Payment Date and on each Interest Payment Date thereafter. The initial Interest Payment Date and each Interest Payment Date thereafter are set forth above for each subseries of Series 2002G Bonds. In the event of a conversion from the Auction Period then applicable to a subseries of Series 2002G Bonds to another Auction Period, interest on the applicable subseries will be payable on each Interest Payment Date (as defined in **Attachment 4**) for such new Auction Period.

Auction Date. An Auction to determine the interest rate for each subseries of Series 2002G Bonds for each Auction Period will be held on the initial Auction Date and each Auction Date thereafter. The initial Auction Date and each Auction Date thereafter are set forth above for each subseries of Series 2002G Bonds. In the event of a conversion from an Auction Period then applicable to a subseries of Series 2002G Bonds to another Auction Period, Auctions will be held on each Auction Date (as defined in **Attachment 4**) for such new Auction Period. The day of the week on which Auctions are held may be changed by the Auction Agent in accordance with **Attachment 4**. *See Attachment 4 – Auction Procedures – Changes in Auction Period or Auction Date.*

Auction Agent. The Trustee will enter into the Auction Agreement with The Bank of New York (the Auction Agent) and TBTA, pursuant to which the Auction Agent, as agent for the Trustee, shall perform the duties of Auction Agent. The Auction Agreement will provide, among other things, that the Auction Agent will determine the Auction Rate for each Auction in accordance with the Auction Procedures set forth in **Attachment 4**.

Auction Procedures. The procedure for submitting orders prior to the Submission Deadline on each Auction Date is described in **Attachment 4**, as are the particulars with regard to the determination of the Auction Period Rate (collectively, the Auction Procedures). *See Attachment 4 – Auction Procedures.*

Amendment of the Subordinate Revenue Resolution. The provisions of the Subordinate Revenue Resolution, with respect to a subseries of Series 2002G Bonds, including without limitation the Auction Procedures and the definitions of Default Rate, Maximum Auction Rate, All Hold Rate, Index, Auction Multiple and Auction Period Rate, may be amended pursuant to the Subordinate Revenue Resolution by obtaining, when required by the Subordinate Revenue Resolution, the consent of the owners of all Series 2002G Bonds of a subseries or, in lieu thereof as permitted by the Subordinate Revenue Resolution, the Insurer for the Series 2002G Bonds of such subseries. All owners will be deemed to have consented if on the first Auction Date occurring at least 20 days after the Trustee mailed notice to such owners (i) the Auction Period Rate determined for such date is the Winning Bid Rate and (ii) there has been delivered to TBTA and the Trustee a Favorable Opinion of Bond Counsel. *See Attachment 4 – Auction Procedures – Miscellaneous Provisions Regarding Auctions.*

Changes in Auction Periods and Auction Dates do not require the amendment of the Auction Procedures or any consents. *See Attachment 4 – Auction Procedures – Changes in Auction Period or Auction Date.*

Change in the Length of the Auction Period. TBTA may from time to time on the last Interest Payment Date for an Auction Period, change the length of the Auction Period with respect to all of the Series 2002G Bonds of any subseries among a daily, seven-day, 28-day, 35-day, three-month, six-month and a Special Auction Period. No such change shall be effective unless Sufficient Clearing Bids existed at the Auction for such new Auction Period. On the date of that change, any Series 2002G Bonds of such subseries which are not the subject of a specific Hold Order or Bid will be deemed to be subject to a Sell Order. In the event of a failed conversion to another Auction Period due to the lack of Sufficient Clearing Bids, the Series 2002G Bonds of such subseries will automatically convert to a seven-day Auction Period and will bear interest for the next Auction Period at the Maximum Auction Rate. In connection with a conversion from one Auction Period to another Auction Period, written notice of such conversion will be given in accordance with the Auction Procedures; however, the Series 2002G Bonds of a subseries will not be subject to mandatory tender on such conversion date. *See Attachment 4 – Auction Procedures – Changes in Auction Period or Auction Date.*

Record Date. The record date for the Series 2002G Bonds will be the opening of business on the Business Day next preceding an Interest Payment Date.

Special Considerations Relating to the Series 2002G Bonds in an Auction Rate Mode. The Subordinate Revenue Resolution provides that the Auction Agent may resign from its duties as Auction Agent by giving at least 90-days notice or 30-days notice, if it has not been paid, to TBTA, each Broker-Dealer and the Trustee and does not require, as a condition to the effectiveness of such resignation, that a replacement Auction Agent be in place if its fee has not been paid. Each Broker-Dealer Agreement provides that the Broker-Dealer thereunder may resign upon five-business-days notice or immediately, in certain circumstances, and does not require, as a condition to the effectiveness of such resignation, that a replacement Broker-Dealer be in place. For any Auction Period during which there is no duly appointed Auction Agent, or during which there is no duly appointed Broker-Dealer, it will not be possible to hold Auctions, with the result that the interest rate on the Series 2002G Bonds will be determined

as if the Auction Agent failed to calculate or timely provide the Auction Rate. For more information, see **Auction Period Rate** above and subsection (d) in **Attachment 4**– Auction Procedures – Determination of Auction Period Rate.

Each Broker-Dealer Agreement provides that a Broker-Dealer may submit an Order in Auctions for its own account. If a Broker-Dealer submits an Order for its own account, it might have an advantage over other Bidders in that it would have knowledge of orders placed through it in that Auction; such Broker-Dealer, however, would not have knowledge of Orders submitted by other Broker-Dealers (if any) in that Auction. In the Broker-Dealer Agreement, Broker-Dealers agree to handle customer orders in accordance with their respective duties under applicable securities laws and rules.

During an Auction Rate Mode the beneficial owner of a Series 2002G Bond may sell, transfer or dispose of a Series 2002G Bond only pursuant to a Bid or Sell Order in accordance with the Auction Procedures or through a Broker-Dealer. See **Attachment 4** – Auction Procedures. The ability to sell a Series 2002G Bond in an Auction may be adversely affected if there are not sufficient buyers willing to purchase all the Series 2002G Bonds at a rate equal to or less than the Maximum Auction Rate. The Broker-Dealers have advised TBTA that they intend initially to make a market in the Series 2002G Bonds of a subseries between Auctions; however, the Broker-Dealers are not obligated to make such markets, and no assurance can be given that secondary markets therefor will develop.

Changes in Mode

General. Any subseries of the Series 2002G Bonds may be changed to any other Mode at the times and in the manner as summarized herein.

If the Auction Period Rate for a subseries of the Series 2002G Bonds is equal to the Maximum Auction Rate or the Default Rate for the longer of (i) two consecutive Auction Dates or (ii) 90 days, the Insurer shall have the right to direct TBTA to change the Mode applicable to such subseries to the fixed rate mode and TBTA has agreed in the Subordinate Revenue Resolution that in such case it would change such Mode to the fixed rate mode as described below.

Notice of Intention to Change Mode. TBTA shall give written notice to the Trustee, the Tender Agent, the Remarketing Agent, each Broker-Dealer, the Auction Agent and the Insurer (the Notice Parties) of its intention to effect a change in the Mode from the Mode then prevailing (the Current Mode) to another Mode (the New Mode) specified in such written notice, together with the proposed effective date of such change in the Mode (the Mode Change Date). Such notice shall be given at least 20 days prior to the Mode Change Date.

General Provisions Applying to Changes from One Mode to Another.

1. The Mode Change Date must be an Interest Payment Date following the last day of an Auction Period.
2. On or prior to the date TBTA provides the notice to the Notice Parties, TBTA shall deliver to the Trustee (with a copy to all other Notice Parties) a letter from Bond Counsel addressed to the Trustee to the effect that it expects to be able to deliver a Favorable Opinion of Bond Counsel on the Mode Change Date.
3. No change in Mode will become effective unless all conditions precedent thereto have been met and the following items shall have been delivered to the Trustee and the Remarketing Agent by 11:00 a.m., or such later time as is acceptable to TBTA, the Trustee and the Remarketing Agent, on the Mode Change Date:
 - a Favorable Opinion of Bond Counsel dated the Mode Change Date,
 - a Tender Agency Agreement and a Remarketing Agreement if required for the New Mode, and
 - a certificate of an authorized officer of the Tender Agent to the effect that all of the Series 2002G Bonds of a subseries tendered or deemed tendered, unless otherwise redeemed, have been purchased at a price at least equal to the principal amount thereof.

4. If all conditions to the Mode change are met, the interest period for the New Mode shall commence on the Mode Change Date and the interest rate shall be determined by the Remarketing Agent.

5. In the event the foregoing conditions have not been satisfied by the Mode Change Date, the New Mode shall not take effect and the Series 2002G Bonds of a subseries that are the subject of the Mode change:

- will not be subject to mandatory tender for purchase,
- will continue to be in the Auction Rate Mode,
- will be in seven-day Auction Periods on and after the failed Mode Change Date until the length of the Auction Period is changed as described above, and
- will bear interest at an Auction Period Rate which for (a) the Auction Period commencing on the failed Mode Change Date shall be equal to the Maximum Auction Rate as determined on the Auction Date for such Auction Period and (b) which for each Auction Period thereafter will be determined in accordance with the Auction Procedures.

Mandatory Tender for Purchase of Series 2002G Bonds on Any Mode Change Date

Any subseries of the Series 2002G Bonds to be changed to any Mode from the Auction Rate Mode are subject to mandatory tender for purchase on the Mode Change Date at the purchase price equal to the principal amount thereof (the Purchase Price).

The Purchase Price of Series 2002G Bonds that are subject to mandatory tender for purchase on a Mode Change Date is payable only from the proceeds of the remarketing thereof and any funds advanced by TBTA for such purpose at its option. Although TBTA has the option to purchase Series 2002G Bonds that are subject to mandatory tender for purchase and that have not been remarketed on the Mode Change Date, it is not obligated to do so. If any Series 2002G Bonds of a subseries subject to mandatory tender for purchase on a Mode Change Date are not purchased, then the Existing Owners of all of the Series 2002G Bonds of such subseries will continue to hold such Series 2002G Bonds in a seven-day Auction Period at the Maximum Auction Rate for the Auction Period commencing on the failed Mode Change Date.

Notice of Mandatory Tender for Purchase

The Trustee shall, at least 15 days prior to any Mode Change Date for the Series 2002G Bonds of a subseries, give notice of the mandatory tender for purchase of the Series 2002G Bonds of such subseries on such Date.

Notice of any mandatory tender of Series 2002G Bonds of a subseries shall be provided by the Trustee or caused to be provided by the Trustee by mailing a copy of the notice of mandatory tender by first-class mail to each bondholder at the respective addresses shown on the registry books. Each notice shall identify the reason for the mandatory tender for purchase, and specify the Mode Change Date, the Purchase Price, the place and manner of payment, that the bondholder has no right to retain such Series 2002G Bonds and that no further interest will accrue from and after the Mode Change Date to such bondholder. Each notice shall also specify the conditions that have to be satisfied pursuant to the Subordinate Revenue Resolution in order for the New Mode to become effective, as well as the consequences that the failure to satisfy any of such conditions would have. Any notice mailed as described above shall be conclusively presumed to have been duly given, whether or not the bondholder receives the notice, and the failure of such bondholder to receive any such notice shall not affect the validity of the action described in such notice. Failure by the Trustee to give a notice as provided under this caption would not affect the obligation of the Tender Agent to purchase the Series 2002G Bonds of a subseries subject to mandatory tender for purchase on the Mode Change Date.

Remarketing of Series 2002G Bonds of a Subseries; Notices

The Remarketing Agent for Series 2002G Bonds being changed to a new Mode shall offer for sale and use its best efforts to find purchasers for all Series 2002G Bonds required to be tendered for purchase.

Notice of Remarketing; Registration Instructions; New Series 2002G Bonds.

(i) The Remarketing Agent shall notify the Tender Agent not later than 11:45 a.m. on the Mode Change Date of the registration instructions as may be necessary to re-register Series 2002G Bonds; and

(ii) Unless otherwise permitted by the Securities Depository and the book-entry-only system applicable to a subseries of Series 2002G Bonds, the Tender Agent shall authenticate and have available for delivery to the Remarketing Agent prior to 12:30 p.m. on the Mode Change Date new Series 2002G Bonds of a subseries for the respective purchasers thereof.

Transfer of Funds. The Remarketing Agent shall at or before 11:45 a.m. on the Mode Change Date notify the Tender Agent and TBTA of the amount of tendered Series 2002G Bonds of a subseries that were not successfully remarketed. In the event that all of the Series 2002G Bonds of such subseries are successfully remarketed, the Remarketing Agent shall confirm to the Tender Agent the transfer of the Purchase Price of all of the Series 2002G Bonds of such subseries to the Tender Agent in immediately available funds at or before 12:00 noon on the Mode Change Date. In the event that any Series 2002G Bonds of such subseries are not successfully remarketed, TBTA shall have the option, but shall not be obligated, to purchase such Series 2002G Bonds. If any Series 2002G Bonds of a subseries are not purchased on the Mode Change Date, the Existing Owners of all of the Series 2002G Bonds of such subseries will continue to hold such Series 2002G Bonds in a seven-day Auction Period at the Maximum Auction Rate for the Auction Period commencing on the failed Mode Change Date.

Source of Funds for Purchase of Series 2002G Bonds

On or before the close of business on the Mode Change Date with respect to Series 2002G Bonds of a subseries, the Tender Agent shall purchase those Series 2002G Bonds from the bondholders at the Purchase Price. Funds for the payment of that Purchase Price shall be derived only from remarketing proceeds or any funds advanced by TBTA at its option. Although TBTA has the option to purchase Series 2002G Bonds that are subject to mandatory tender for purchase and that have not been remarketed on the Mode Change Date, it is not obligated to do so. If any Series 2002G Bonds subject to mandatory tender for purchase on a Mode Change Date are not purchased, then the Existing Owners of all of the Series 2002G Bonds of that subseries will continue to hold such Series 2002G Bonds in a seven-day Auction Period at the Maximum Auction Rate for the Auction Period commencing on the failed Mode Change Date.

Delivery of Remarketed Series 2002G Bonds

Except as otherwise required or permitted by the book-entry-only system of the Securities Depository, remarketed Series 2002G Bonds sold by a Remarketing Agent shall be delivered by the Remarketing Agent to the purchasers of those remarketed Series 2002G Bonds by 3:00 p.m., on the Mode Change Date.

Delivery and Payment for Purchased Remarketed Series 2002G Bonds of a Subseries; Undelivered Series 2002G Bonds

Except as otherwise required or permitted by the book-entry-only system of the Securities Depository, remarketed Series 2002G Bonds purchased as set forth above shall be delivered (with all necessary endorsements) at or before 12:00 noon on the Mode Change Date at the office of the Tender Agent in New York, New York; provided, however, that payment of the Purchase Price of any remarketed Series 2002G Bond purchased shall be made only if such Series 2002G Bond so delivered to the Tender Agent conforms in all respects to the description thereof in the notice of tender. Payment of the Purchase Price shall be made by wire transfer in immediately available funds by the Tender Agent by the close of business on the Mode Change Date, or, if the bondholder has not provided or caused to be provided wire transfer instructions, by check mailed to the bondholder at the address appearing in the books required to be kept by the Trustee pursuant to the Subordinate Revenue Resolution. If Series 2002G Bonds of a subseries to be purchased are not delivered by the bondholders to the Tender Agent by 12:00 noon on the Mode Change Date, the Tender Agent shall hold any funds received for the purchase of those Series 2002G Bonds in trust in a separate account uninvested, and shall pay such funds to the former bondholders upon presentation of the Series 2002G Bonds subject to tender. Undelivered Series 2002G Bonds are tendered and cease

to accrue interest as to the former bondholders on the Mode Change Date and moneys representing the Purchase Price shall be available against delivery of those Series 2002G Bonds at the Principal Office of the Tender Agent; provided, however, that any funds so held by the Tender Agent that remain unclaimed by the former holder of any such Series 2002G Bond not presented for purchase for a period of two years after delivery of such funds to the Tender Agent shall, to the extent permitted by law, upon request in writing by TBTA and the furnishing of security or indemnity to the Tender Agent's satisfaction, be paid to TBTA free of any trust or lien and thereafter the former holder of such Series 2002G Bond shall look only to TBTA and then only to the extent of the amounts so received by TBTA without any interest thereon and the Tender Agent shall have no further responsibility with respect to such moneys or payment of the Purchase Price of such Series 2002G Bonds. The Tender Agent shall authenticate a replacement Series 2002G Bond for any undelivered Series 2002G Bond which may then be remarketed by the Remarketing Agent.

Redemption Prior to Maturity

Mandatory Sinking Fund Redemption. The Series 2002G Bonds are subject to redemption in part on November 1 of each year and in the respective principal amounts set forth below at 100% of the principal amount thereof, plus accrued interest to the redemption date, from sinking fund installments which are required to be made in amounts sufficient to redeem on November 1 of each year set forth below the principal amount of such respective Series 2002G Bonds specified for each of the years shown below:

<u>Year</u>	<u>Sinking Fund Installments</u>
2024	\$16,400,000
2025	18,100,000
2026	18,250,000
2027	19,525,000
2028	19,850,000
2029	21,050,000
2030	21,600,000
2031	22,725,000
2032*	23,525,000

* Final maturity

Unless otherwise directed by TBTA, each subseries of the Series 2002G Bonds shall be redeemed with the proceeds from such Sinking Fund Installments *pro rata*, subject to rounding in accordance with authorized denominations. The date on which a sinking fund installment will be due when the Series 2002G Bonds of a subseries entitled to such sinking fund installment are in the Auction Rate Mode will be either the dates set forth above, or if any such date is not an Interest Payment Date, then the Interest Payment Date immediately preceding the date set forth above.

Credit Toward Mandatory Sinking Fund Redemption. TBTA may take credit toward mandatory Sinking Fund Installment requirements as follows, and if taken, thereafter reduce the amount of term Series 2002G Bonds of any subseries otherwise subject to mandatory Sinking Fund Installments on the date for which credit is taken:

- If TBTA directs the Trustee to purchase term Series 2002G Bonds with money in the Debt Service Fund (at a price not greater than par plus accrued interest to the date of purchase), then a credit of 100% of the principal amount of bonds purchased will be made against the next Sinking Fund Installment due.
- If TBTA purchases or redeems term Series 2002G Bonds with other available moneys, then the principal amount of those bonds will be credited against future Sinking Fund Installments in any order, and in any annual amount, that TBTA may direct.

Optional Redemption. Each subseries of Series 2002G Bonds shall be subject to optional redemption by TBTA, in whole or in part, on any Interest Payment Date immediately following an Auction Period, at a Redemption

Price equal to the principal amount thereof, plus accrued interest to the redemption date; provided, however, that in the event of a partial redemption of Series 2002G Bonds of a subseries, the aggregate principal amount of Series 2002G Bonds of such subseries which will remain outstanding shall be equal to or more than \$10,000,000 unless otherwise consented to by the related Broker-Dealers.

State and City Redemption. Pursuant to the TBTA Act, the State or the City, upon providing sufficient funds, may require TBTA to redeem the Series 2002G Bonds as a whole at the time and at the price and in accordance with the terms upon which the Series 2002G Bonds are otherwise redeemable.

Redemption Notices. So long as DTC is the securities depository for the Series 2002G Bonds, the Trustee must mail redemption notices to DTC at least 30 days before the redemption date. If the Series 2002G Bonds are *not* held in book-entry-only form, then the Trustee must mail redemption notices directly to bondholders within the same time frame. A redemption of the Series 2002G Bonds is valid and effective even if DTC's procedures for notice should fail. Beneficial owners should consider arranging to receive redemption notices or other communications to DTC affecting them, including notice of interest payments through DTC participants. Any notice of optional redemption may state that it is conditional upon receipt by the Trustee of money sufficient to pay the Redemption Price or upon the satisfaction of any other condition, or that it may be rescinded upon the occurrence of any other event, and any conditional notice so given may be rescinded at any time before the payment of the Redemption Price if any such condition so specified is not satisfied or if any such other event occurs. **Please note that all redemptions are final - even if beneficial owners did not receive their notice, and even if that notice had a defect.**

Effect of Call for Redemption. If the Trustee gives an unconditional notice of redemption, then on the redemption date the Series 2002G Bonds called for redemption will become due and payable. If the Trustee gives a conditional notice of redemption and holds money to pay the redemption price of the affected Series 2002G Bonds, then on the redemption date the Series 2002G Bonds called for redemption will become due and payable. In either case, if on the redemption date the Trustee holds money to pay the Series 2002G Bonds called for redemption, thereafter, no interest will accrue on those Series 2002G Bonds, and a bondholder's only right will be to receive payment of the redemption price upon surrender of those Series 2002G Bonds.

PART II. SOURCES OF PAYMENT AND SECURITY FOR TBTA SUBORDINATE REVENUE BONDS

Part II of this official statement describes the sources of payment and security for all TBTA Subordinate Revenue Bonds, including the Series 2002G Bonds.

SOURCES OF PAYMENT

TBTA receives its revenues from all tolls, rates, fees, charges, rents, proceeds of use and occupancy insurance on any portion of its tunnels, bridges and other facilities, including the net revenues of the Battery Parking Garage, and TBTA's receipts from those sources, after payment of TBTA's operating expenses and after the application of such net revenues to the payment of debt service as required by TBTA's Senior Resolution, are pledged to the holders of the Subordinate Revenue Bonds for payment, as described below.

The following 7 bridges and 2 tunnels constitute TBTA Facilities for purposes of the Subordinate Revenue Resolution:

- Triborough Bridge,
- Verrazano-Narrows Bridge,
- Bronx-Whitestone Bridge,
- Throgs Neck Bridge,
- Henry Hudson Bridge,
- Marine Parkway-Gil Hodges Memorial Bridge,
- Cross Bay Veterans Memorial Bridge,
- Brooklyn-Battery Tunnel, and
- Queens Midtown Tunnel.

In addition, but only for purposes of determining Revenues under the Subordinate Revenue Resolution, the net revenues of the Battery Parking Garage are included.

TBTA is required to fix and collect tolls for the TBTA Facilities, and TBTA's power to establish toll rates is not subject to the approval of any governmental entity. For more information relating to TBTA's power to establish tolls, *see Appendix A – THE RELATED ENTITIES – The Triborough Bridge and Tunnel Authority – Toll Rates.*

For more detailed information about TBTA's tolls, *see* the report of the Independent Engineers – History and Projection of Traffic, Toll Revenues and Expenses and Review of Physical Condition of the Facilities of Triborough Bridge and Tunnel Authority *included by specific reference herein.*

From time to time legislation has been introduced by various State legislators seeking, among other things, to restrict the level of tolls on certain of TBTA's Facilities, to require approval of future toll increases by the Governor, or to eliminate minimum tolls or to require discounts or free passage to be accorded to certain users of TBTA's Facilities. Under the TBTA Act, however, the State has covenanted to holders of TBTA's bonds that it will not limit or alter the rights vested in TBTA to establish and collect such charges and tolls as may be convenient or necessary to produce sufficient revenue to fulfill the terms of any agreements made with the holders of TBTA bonds or in any way to impair rights and remedies of those bondholders.

Table 2 sets forth, by TBTA Facility, the amount of revenues for each of the last 5 years on a cash basis, as well as operating expenses. For a description of the effects on the operations of the TBTA Facilities due to the terrorist attack on WTC on September 11, 2001, *see Appendix A – THE RELATED ENTITIES – Terrorist Attack on World Trade Center, and History and Projection of Traffic, Toll Revenues and Expenses and Review of Physical Condition of the Facilities of Triborough Bridge and Tunnel Authority included by specific reference herein.*

Readers should note that, since there is no debt service reserve fund in the Senior Resolution, investment earnings are expected to be substantially lower in future years. Figures are net of Other Income as included on the TBTA audited financial statements (rail car leases), as follows for the years 1997 through 2001, respectively: \$5,258; \$5,258; \$6,683; \$805; and \$620.

(4) Includes investment earnings on the Beneficial Interest Certificates (BICs) debt service fund and on the following debt service reserve funds: 1991 Resolution (MRT); 1994 Resolution; and BICs. Readers should note that, since there is no debt service reserve fund in the Subordinate Revenue Resolution, investment earnings are expected to be substantially lower in future years.

(5) Does not include certain mortgage recording tax revenues that were pledged to the payment of TBTA 1991 Mortgage Recording Tax Special Obligation Bonds.

(6) Includes debt service on the 1991 MRT Resolution Bonds (presented as if TBTA paid gross debt service from its own revenues without deducting available mortgage recording tax revenues), 1994 Resolution bonds and BICs, all of which are expected to be refunded as part of the debt restructuring.

SECURITY

TBTA Subordinate Revenue Bonds, including the Series 2002G Bonds, are special obligations of TBTA payable solely from the trust estate (described below) pledged for the payment of the Subordinate Revenue Bonds and Parity Debt pursuant to the terms of the Subordinate Revenue Resolution, after the payment of Operating Expenses and after payment of debt service as required by TBTA's Senior Resolution. Summaries of certain provisions of the Subordinate Revenue Resolution, including the Standard Resolution Provisions, are *included by specific reference herein*.

TBTA Subordinate Revenue Bonds are not a debt of the State or The City of New York, or any local governmental unit. TBTA has no taxing power.

Pledge Effected by the Subordinate Revenue Resolution

The lien on the trust estate described below created by the Subordinate Revenue Resolution is junior and subordinate to the lien created by TBTA's Senior Resolution.

Pursuant to, and in accordance with, the Subordinate Revenue Resolution, TBTA has pledged to the holders of the Subordinate Revenue Bonds and Parity Debt a "trust estate," which consists of

- Revenues (after the application of such Revenues as required by TBTA's Senior Resolution, including to the payment of Operating Expenses and Senior Resolution debt service),
- the proceeds from the sale of the Subordinate Revenue Bonds, and
- all funds, accounts and subaccounts established by the Subordinate Revenue Resolution (except those established by a supplemental obligation resolution for variable interest rate obligations, put obligations, parity debt, subordinated contract obligations or subordinated debt).

Revenues and Additional Subordinate TBTA Projects

Revenues from TBTA Facilities. For purposes of the pledge under the Subordinate Revenue Resolution, revenues of TBTA generally include all tolls, revenues, rates, fees, charges, rents, proceeds of use and occupancy insurance on any portion of the TBTA Facilities (including net revenues derived from the Battery Parking Garage) and of any other insurance which insures against loss of revenues therefrom payable to or for the account of TBTA, and other income and receipts, as received by TBTA directly or indirectly from any of TBTA's operations, including the ownership or operation of any TBTA Facilities, subject to certain exceptions.

TBTA does not currently derive any significant recurring Revenues from any sources other than the TBTA Facilities and investment income. Income from the TBTA Transit and Commuter Project (the transit and commuter systems) is not derived by or for the account of TBTA; consequently, no revenues from any portion of the TBTA Transit and Commuter Project are pledged to the payment of debt service on the Bonds.

For a discussion of other projects that TBTA is authorized to undertake, *see Appendix A – THE RELATED ENTITIES – The Triborough Bridge and Tunnel Authority – Authorized Projects of TBTA.*

Additional Subordinate TBTA Projects. One or more projects owned or to be owned by TBTA or another Related Entity may become an Additional Subordinate TBTA Project without satisfying any earnings or coverage test if:

- TBTA is authorized to undertake that project, and
- the project is designated by TBTA to be an Additional Subordinate TBTA Project.

Upon satisfaction of certain conditions, TBTA is authorized to issue Subordinate Revenue Bonds to fund the Capital Costs of Additional Subordinate TBTA Projects. *See Additional Subordinate Revenue Bonds below.*

Flow of Revenues

The Subordinate Revenue Resolution establishes the following funds and accounts, each held by TBTA:

- Proceeds Fund, and
- Debt Service Fund.

TBTA is required to transfer to the Debt Service Fund under the Subordinate Revenue Resolution, from time to time, but no less frequently than on or before the 25th day of each calendar month, from such amounts as shall from time to time be available for transfer from the Revenue Fund under the Senior Resolution, free and clear of the lien of the Senior Resolution, the amount, if any, required so that the balance in the fund is equal to Accrued Debt Service to the last day of the current calendar month; *provided, however, that* in no event shall the amount to be so transferred be less than the amount required for all payment dates occurring prior to the 25th day of the next succeeding calendar month.

Rate Covenant

TBTA is required at all times to establish, levy, maintain and collect, or cause to be established, levied, maintained and collected, such tolls, rentals and other charges in connection with the TBTA Facilities as shall always be sufficient, together with other money available therefor (including the anticipated receipt of proceeds of sale of Obligations or other bonds, notes or other obligations or evidences of indebtedness of TBTA that will be used to pay the principal of Obligations issued in anticipation of such receipt, but not including any anticipated or actual proceeds from the sale of TBTA Facilities), to equal or exceed in each calendar year **the greater of**

- an amount equal to the sum of amounts necessary in such calendar year
 - to pay all Operating Expenses of TBTA, plus
 - to pay Calculated Debt Service on all senior lien and subordinate lien bonds and parity debt, plus
 - to maintain any reserve established by TBTA pursuant to the Senior Resolution, in such amount as may be determined from time to time by TBTA in its judgment, or
- an amount such that Revenues less Operating Expenses shall equal at least **1.10 times** Calculated Debt Service on all senior lien and subordinate lien bonds and parity debt for such calendar year.

For a more detailed description of the rate covenant and a description of the minimum tolls that can be charged at the TBTA Facilities, *see* SUMMARY OF CERTAIN PROVISIONS OF THE TBTA RESOLUTION – Rates and Fees *included by specific reference herein*, and SUMMARY OF CERTAIN PROVISIONS OF THE SUBORDINATE REVENUE RESOLUTION – Additional Provisions Relating to the Series 2002D Bonds – *Rate Covenant, included by specific reference herein (with the reference to Series 2002D Bonds also being deemed to be a reference to Series 2002G Bonds)*.

Additional Subordinate Revenue Bonds

Under the provisions of the Subordinate Revenue Resolution, TBTA may issue one or more series of Additional Subordinate Revenue Bonds to pay or provide for the payment of all or part of Capital Costs relating to any of the following purposes:

- TBTA Facilities,
- TBTA Transit and Commuter Project, or
- any Additional Subordinate TBTA Project.

In addition to meeting certain other conditions, all as more fully described in SUMMARY OF CERTAIN PROVISIONS OF THE SUBORDINATE REVENUE RESOLUTION – Special Provisions for Capital Cost Obligations *included by specific reference herein*, an Authorized Officer must certify that the Twelve Month Period Net Revenues are at least equal to **1.10 times** the Combined Maximum Annual Calculated Debt Service for all Subordinate Revenue Obligations, Parity Debt, Senior Obligations and Senior Parity Debt.

In addition, TBTA covenants that, prior to the issuance of senior lien bonds, an Authorized Officer must certify that the Twelve Month Period Net Revenues are at least equal to **1.10 times** the Combined Maximum Annual Calculated Debt Service for all Subordinate Revenue Obligations, Parity Debt, Senior Obligations and Senior Parity Debt. *See SUMMARY OF CERTAIN PROVISIONS OF THE SUBORDINATE REVENUE RESOLUTION – Additional Provisions Relating to the Series 2002D Bonds – Covenant Regarding Senior Resolution, included by specific reference herein (with the reference to Series 2002D Bonds also being deemed to be a reference to Series 2002G Bonds).*

Refunding Subordinate Revenue Bonds

Subordinate Revenue Bonds may be issued for the purpose of refunding Subordinate Revenue Bonds, Parity Debt, Senior Obligations or Senior Parity Debt if

- the Combined Maximum Annual Calculated Debt Service (including the refunding Subordinate Revenue Bonds then proposed to be issued, but not including the Subordinate Revenue Bonds, Parity Debt, Senior Obligations or Senior Parity Debt to be refunded) is equal to or less than the Combined Maximum Annual Calculated Debt Service as calculated immediately prior to the refunding (including the refunded Subordinate Revenue Bonds, Parity Debt, Senior Obligations or Senior Parity Debt, but not including the refunding Subordinate Revenue Bonds), or
- the conditions referred to above *under* Additional Subordinate Revenue Bonds are satisfied.

For a more detailed description of the conditions that must be satisfied before issuing refunding Subordinate Revenue Bonds, *see* SUMMARY OF CERTAIN PROVISIONS OF THE SUBORDINATE REVENUE RESOLUTION – Refunding Subordinate Revenue Obligations *included by specific reference herein.*

PART III. OTHER INFORMATION ABOUT THE SERIES 2002G BONDS

Part III of this official statement provides miscellaneous additional information relating to the Series 2002G Bonds.

TAX MATTERS

Hawkins, Delafield & Wood is Bond Counsel for the Series 2002G Bonds. Their opinion under existing law, relying on certain statements by TBTA and assuming compliance by TBTA with certain covenants, is that interest on the Series 2002G Bonds is:

- excluded from a bondholder's federal gross income under the Internal Revenue Code of 1986,
- not a preference item for a bondholder under the federal alternative minimum tax, and
- included in the adjusted current earnings of a corporation under the federal corporate alternative minimum tax.

Their opinion is also that under existing law interest on the Series 2002G Bonds is exempt from personal income taxes of New York State and any political subdivisions of the State, including The City of New York. *See Attachment 3* to this official statement for the form of the opinion that Bond Counsel expects to deliver when the Series 2002G Bonds are delivered.

The Internal Revenue Code imposes requirements on the Series 2002G Bonds that TBTA must continue to meet after the Series 2002G Bonds are issued. These requirements generally involve the way that Series 2002G Bond proceeds must be used and invested. If TBTA does not meet these requirements, it is possible that a bondholder may have to include interest on the Series 2002G Bonds in its federal gross income on a retroactive basis to the date of issue. TBTA has covenanted to do everything necessary to meet the requirements of the Internal Revenue Code.

A bondholder who is a particular kind of taxpayer may also have additional tax consequences from owning the Series 2002G Bonds. This is possible if a bondholder is

- an S corporation,
- a United States branch of a foreign corporation,
- a financial institution,
- a property and casualty or a life insurance company,
- an individual receiving Social Security or railroad retirement benefits,
- an individual claiming the earned income credit or
- a borrower of money to purchase or carry the Series 2002G Bonds.

If a bondholder is in any of these categories, it should consult its tax advisor.

Bond Counsel is not responsible for updating its opinion in the future. It is possible that something may happen in the future that could change the tax treatment of the interest on the Series 2002G Bonds or affect the market price of the Series 2002G Bonds. For example, the Internal Revenue Code could be changed.

Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel on the federal income tax treatment of interest on the Series 2002G Bonds, or under State, local or foreign tax law.

VERIFICATION OF MATHEMATICAL COMPUTATIONS

The arithmetical accuracy of (a) the mathematical computations of the adequacy of the outstanding maturing amount of principal of and interest on the Government Securities and other available moneys to be deposited in escrow to pay the maturing amounts or redemption prices of the Refunded Bonds on their respective maturity or redemption dates, together with all payments of interest thereon coming due on or prior to such dates and (b) mathematical computations supporting the conclusion of Bond Counsel that the Series 2002G Bonds are not "arbitrage bonds" under Section 148 of the Code, will be verified by Samuel Klein & Co., Certified Public Accountants.

LEGALITY FOR INVESTMENT

The TBTA Act provides that the Series 2002G Bonds are securities in which the following investors may properly and legally invest funds, including capital in their control or belonging to them:

- all public officers and bodies of the State and all municipalities and political subdivisions in the State,
- all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business,
- all administrators, guardians, executors, trustees and other fiduciaries, and
- all other persons whatsoever who are now or who may hereafter be authorized to invest in the obligations of the State.

Certain of those investors, however, may be subject to separate restrictions which limit or prevent their investment in the Series 2002G Bonds.

LITIGATION

There is no pending litigation concerning the bonds being offered.

TBTA is the defendant in numerous claims and actions. TBTA does not believe that any of these claims and actions are material to the payment of principal and interest on the Series 2002G Bonds. A summary of certain of these potentially material claims and actions is set forth in **Appendix A – THE RELATED ENTITIES – Litigation - TBTA**, as that filing may be amended or supplemented to date.

FINANCIAL ADVISOR

Goldman, Sachs & Co. is TBTA's financial advisor for the Series 2002G Bonds and the debt restructuring. The financial advisor has provided TBTA advice on the plan of financing and reviewed the pricing of the Series 2002G Bonds. The financial advisor has not independently verified the information contained in this official statement and does not assume responsibility for the accuracy, completeness or fairness of such information. The financial advisor's fees for serving as financial advisor are contingent upon the issuance of the Series 2002G Bonds.

UNDERWRITING

The Underwriters for the Series 2002G Bonds, acting through J.P. Morgan Securities Inc., as Representative, have jointly and severally agreed, subject to certain conditions, to purchase from TBTA the Series 2002G Bonds at an aggregate purchase price of \$180,246,497.81, reflecting an Underwriters' discount of \$778,502.19, and to reoffer such Series 2002G Bonds at par.

The Underwriters' obligations are subject to certain conditions precedent, and they will be obligated to purchase all such Series 2002G Bonds if any Series 2002G Bonds are purchased.

RATINGS

The Summary of Terms identifies the ratings of the credit rating agencies that are expected to be assigned to the Series 2002G Bonds. Those expected ratings reflect only the views of the organizations assigning them. An explanation of the significance of the ratings from each identified agency may be obtained as follows:

Fitch Ratings
One State Street Plaza
New York, New York 10004
(212) 908-0500

Moody's Investors Service, Inc.
99 Church Street
New York, New York 10007
(212) 553-0300

Standard & Poor's Ratings Services
55 Water Street
New York, New York 10041
(212) 438-2000

TBTA has furnished to each rating agency rating the bonds being offered information, including information not included in this official statement, about TBTA and the bonds. Generally, rating agencies base their ratings on that information and on independent investigations, studies and assumptions made by each rating agency. There can be no assurance that ratings will continue for any given period of time or that they will not be revised downward or withdrawn entirely by a rating agency if, in the judgment of that rating agency, circumstances warrant the revision or withdrawal. Those circumstances may include, among other things, changes in or unavailability of information relating to TBTA or the bonds. Any downward revision or withdrawal of a rating may have an adverse effect on the market price of the bonds.

The expected ratings on the bonds identified in the Summary of Terms generally reflects the ratings of the Insurer providing credit enhancement for the Series 2002G Bonds.

LEGAL MATTERS

All legal proceedings in connection with the issuance of the bonds being offered are subject to the approval of the nationally-recognized bond counsel firm identified on the cover page and in the Summary of Terms. The form of the opinion of Bond Counsel is **Attachment 3** to this official statement.

Certain legal matters regarding TBTA will be passed upon by its General Counsel. In addition, certain legal matters will be passed upon by TBTA's special counsel or the counsel to the Underwriters, or both, as also indicated in the Summary of Terms.

CONTINUING DISCLOSURE

As more fully stated in **Attachment 2**, TBTA has agreed to provide certain financial information and operating data by no later than 120 days following the end of each fiscal year. That information is to include, among other things, TBTA annual audited financial statements prepared in accordance with generally accepted accounting principles, or if unavailable, unaudited financial statements until audited statements become available. TBTA has undertaken to file such above information with each Nationally Recognized Municipal Securities Information Repository and a New York State Information Depository (the SID), if and when one is established.

TBTA has further agreed to deliver notice to each Repository or the Municipal Securities Rulemaking Board (MSRB) and to the SID of any failure to provide the Annual Information. TBTA is also obligated to deliver notices of the following events, if material, to each repository, or to the MSRB or the SID:

- principal and interest delinquencies;
- non-payment related defaults;
- unscheduled draws on debt service reserves reflecting financial difficulties;
- unscheduled draws on credit enhancements reflecting financial difficulties;
- substitution of credit or liquidity providers, or their failure to perform;
- adverse tax opinions or events affecting the tax exempt status of the security;
- modifications to the rights of security holders;
- bond calls;
- defeasance;
- release, substitution, or sale of property securing repayment of the securities; and
- rating changes.

TBTA has not failed to comply in any material respect with any previous undertakings in a written contract or agreement specified in paragraph (b)(5)(i) of Rule 15c2-12 under the Securities Exchange Act of 1934, as amended.

BOOK-ENTRY ONLY SYSTEM

1. The Depository Trust Company (DTC), New York, NY, will act as securities depository for the Series 2002G Bonds. The Series 2002G Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2002G Bond will be issued for each maturity of the Series 2002G Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC. If, however, the aggregate principal amount of any maturity of the Series 2002G Bonds exceeds \$500 million, one Bond of such maturity will be issued with respect to each \$500 million of principal amount, and an additional Bond will be issued with respect to any remaining principal amount of such maturity.

2. DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over two million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 85 countries that DTC's participants (Direct Participants) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, GSCC, MBSCC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (Indirect Participants). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

3. Purchases of Series 2002G Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2002G Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2002G Bond (Beneficial Owner) is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2002G Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2002G Bonds, except in the event that use of the book-entry system for the Series 2002G Bonds is discontinued.

4. To facilitate subsequent transfers, all Series 2002G Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2002G Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2002G Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2002G Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Series 2002G Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2002G Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Series 2002G Bond documents. For example, Beneficial Owners of the Series 2002G Bonds may wish to ascertain that the nominee holding the Series 2002G Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

6. Redemption notices shall be sent to DTC. If less than all of the Series 2002G Bonds of any maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2002G Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to TBTA as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Series 2002G Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds and principal and interest payments on the Series 2002G Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from TBTA or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee or TBTA, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of TBTA or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. DTC may discontinue providing its services as depository with respect to the Series 2002G Bonds at any time by giving reasonable notice to TBTA or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, certificates for the Series 2002G Bonds are required to be printed and delivered.

10. TBTA may decide to discontinue use of the system of book-entry transfers through DTC (or a successor depository). In that event, certificates for the Series 2002G Bonds will be printed and delivered

THE ABOVE INFORMATION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT TBTA BELIEVES TO BE RELIABLE, BUT TBTA TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF.

5. material litigation related to any of the foregoing, and

6. such narrative explanation as may be necessary to avoid misunderstanding and to assist the reader in understanding the presentation of financial information and operating data concerning, and in judging the financial condition of, TBTA.

All or any portion of the Annual Information as well as required audited financial statements may be incorporated therein by specific reference to any other documents which have been filed with (a) the NRMSIRs and the State Depository or (b) the Securities and Exchange Commission; provided, however, that if the document is an official statement, it shall have been filed with the MSRB and need not have been filed elsewhere. Annual Information for any fiscal year containing any amended operating data or financial information for such fiscal year shall explain, in narrative form, the reasons for such amendment and the impact of the change on the type of operating data or financial information in the Annual Information being provided for such fiscal year. If a change in accounting principles is included in any such amendment, such information shall present a comparison between the financial statements or information prepared on the basis of the amended accounting principles and those prepared on the basis of the former accounting principles. Such comparison shall include a qualitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information. To the extent feasible, such comparison shall also be quantitative. A notice of any such change in accounting principles shall be sent to each NRMSIR or to the MSRB, and to the State Depository.

TBTA will undertake, for the benefit of holders of the Series 2002G Bonds, to provide or cause to be provided:

1. to each NRMSIR or to the MSRB and to the State Depository, in a timely manner, notice of any of the events listed under the heading "CONTINUING DISCLOSURE" in this Official Statement with respect to the Series 2002G Bonds, if material, and

The Disclosure Agreement provides that if any party to the Disclosure Agreement fails to comply with any provisions of its undertaking described herein, then any holder of the Series 2002G Bonds (which will include beneficial owners during any period that DTC acts as securities depository for, and DTC or its nominee is the registered owner of, the Series 2002G Bonds) may enforce, for the equal benefit and protection of all holders similarly situated, by mandamus or other suit or proceeding at law or in equity, the undertaking against such party and any of its officers, agents and employees, and may compel such party or any of its officers, agents or employees to perform and carry out their duties thereunder; provided that the sole and exclusive remedy for breach under the undertaking is an action to compel specific performance, and no person or entity, including any holder of Series 2002G Bonds, may recover monetary damages thereunder under any circumstances, and provided further that any challenge to the adequacy of any information under the undertaking may be brought only by the Trustee or the holders of 25 percent in aggregate principal amount of the Series 2002G Bonds at the time Outstanding which are affected thereby. Each of the TBTA and the Trustee reserves the right, but shall not be obligated to, enforce the obligations of the others. Failure to comply with any provisions of the undertaking shall not constitute a default under the Subordinate Revenue Resolution nor give right to the Trustee or any Bondholder to exercise any remedies under the Subordinate Revenue Resolution. In addition, if all or any part of Rule 15c2-12 ceases to be in effect for any reason, then the information required to be provided under the undertaking insofar as the provision of Rule 15c2-12 no longer in effect required the provision of such information, shall no longer be required to be provided.

The foregoing is intended to set forth a general description of the type of financial information and operating data that will be provided; the descriptions are not intended to state more than general categories of financial information and operating data; and where TBTA's undertaking calls for information that no longer can be generated or is no longer relevant because the operations to which it related have been materially changed or discontinued, a statement to that effect will be provided. TBTA does not anticipate that it often will be necessary to amend the undertaking. The undertaking, however, may be amended or modified under certain circumstances set forth therein and the undertaking will continue until the earlier of the date the Series 2002G Bonds have been paid in full or legally defeased pursuant to the Subordinate Revenue Resolution or the date the undertaking is no longer required by law. Copies of the undertaking when executed by the parties will be on file at the office of MTA.

FORM OF OPINION OF BOND COUNSEL

Upon delivery of the Series 2002G Bonds in definitive form, Hawkins, Delafield & Wood, New York, New York, Bond Counsel to TBTA, proposes to render its final approving opinion in substantially the following form:

[Date of Closing]

Triborough Bridge and Tunnel Authority
New York, New York

Ladies and Gentlemen:

We have examined a certified copy of the record of proceedings of the Triborough Bridge and Tunnel Authority (the "TBTA") and other proofs submitted to us relative to the issuance of \$181,025,000 aggregate principal amount of Triborough Bridge and Tunnel Authority Subordinate Revenue Variable Rate Refunding Bonds, Series 2002G (the "Series 2002G Bonds").

All terms defined in the Resolution (hereinafter defined) and used herein shall have the respective meanings assigned in the Resolution, except where the context hereof otherwise requires.

The Series 2002G Bonds are issued under and pursuant to the Constitution and statutes of the State of New York (the "State"), including the Triborough Bridge and Tunnel Authority Act, being Title 3 of Article 3 of the Public Authorities Law, Chapter 43-A of the Consolidated Laws of the State of New York, as amended to the date of this opinion letter (herein called the "Issuer Act"), and under and pursuant to proceedings of TBTA duly taken, including a resolution adopted by the members of TBTA on March 26, 2002 entitled "2001 Subordinate Revenue Resolution Authorizing Subordinate Revenue Obligations", as supplemented by a resolution of said members adopted on March 26, 2002 (collectively, the "Resolution").

The Series 2002G Bonds are dated, mature, are payable, bear interest and are subject to redemption, all as provided in the Resolution.

A portion of the proceeds of the Series 2002G Bonds is being used to refund certain of the outstanding bonds of TBTA issued pursuant to two of the resolutions pursuant to which the Prior Lien Obligations have been issued (collectively, referred to as, the "Prior Resolutions"), such bonds having been issued in multiple series and as described in the hereinafter defined Escrow Agreements as being refunded with proceeds of the Series 2002G Bonds (collectively, the "Refunded Bonds"). A portion of the proceeds of the Series 2002G Bonds together with any other amounts made available by TBTA (collectively, the "Defeasance Deposit") has been used to purchase direct obligations of the United States of America in an aggregate amount sufficient, together with any amounts held uninvested, to pay when due the principal or applicable redemption price of and interest due and to become due on said Refunded Bonds (the "Defeasance Requirement"). Such Defeasance Deposit is being held in trust under escrow agreements, each dated November __, 2002 (collectively, the "Escrow Agreements"), by and between TBTA and U.S. Bank Trust National Association and The Bank of New York, respectively, as escrow agents thereunder and as successor trustees under the applicable Prior Resolutions (the "Prior Trustees"). TBTA has given the Prior Trustees, in form satisfactory to each of them, irrevocable instructions to give notice in accordance with the Prior Resolutions of the redemption of those Refunded Bonds being redeemed prior to maturity and the deposit of the Defeasance Deposit. Samuel Klein & Co., certified public accountants, have prepared a report stating that they have reviewed the accuracy of the mathematical computations of the adequacy of the Defeasance Deposit, as invested, to pay in full the Defeasance Requirement when due. We have undertaken no independent verification of the adequacy of the Defeasance Deposit.

The Internal Revenue Code of 1986, as amended (the “Code”), establishes certain requirements that must be met subsequent to the issuance and delivery of the Series 2002G Bonds in order that interest on the Series 2002G Bonds be and remain excluded from gross income for federal income tax purposes under Section 103 of the Code. We have examined the Arbitrage and Use of Proceeds Certificate of the TBTA, dated the date hereof (the “Arbitrage and Use of Proceeds Certificate”), in which the TBTA has made representations, statements of intention and reasonable expectation, certifications of fact and covenants relating to the federal tax status of interest on the Series 2002G Bonds, including, but not limited to, certain representations with respect to the use of the proceeds of the Series 2002G Bonds and the investment of certain funds. The Arbitrage and Use of Proceeds Certificate obligates the TBTA to take certain actions necessary to cause interest on the Series 2002G Bonds to be excluded from gross income pursuant to Section 103 of the Code. Noncompliance with the requirements of the Code could cause interest on the Series 2002G Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance, irrespective of the date on which such noncompliance occurs or is ascertained. The TBTA has covenanted in the Resolution to maintain the exclusion of the interest on the Series 2002G Bonds from gross income for federal income tax purposes pursuant to Section 103(a) of the Code.

In rendering the opinion in paragraph 5 hereof, we have relied upon and assumed the material accuracy of the representations, statements of intention and reasonable expectation and certifications of fact contained in the Arbitrage and Use of Proceeds Certificate with respect to matters affecting the exclusion of interest on the Series 2002G Bonds from gross income for federal income tax purposes under Section 103 of the Code and compliance by the TBTA with procedures and covenants set forth in the Arbitrage and Use of Proceeds Certificate as to such tax matters.

We have also examined one of said Series 2002G Bonds as executed and, in our opinion, the form of said Series 2002G Bond and its execution are regular and proper.

We are of the opinion that:

1. TBTA is duly created and validly existing under the laws of the State, including the Constitution of the State and the Issuer Act.

2. TBTA has the right and power under the Issuer Act to adopt the Resolution. The Resolution has been duly and lawfully adopted by TBTA, is in full force and effect, is valid and binding upon TBTA, and is enforceable in accordance with its terms, and no other authorization for the Resolution is required. The Resolution creates the valid pledge which it purports to create of the Trust Estate, subject only to the provisions of the Resolution permitting the application thereof for the purposes and on the terms and conditions set forth in the Resolution, including the prior pledge of any Senior Obligations and Senior Parity Debt.

3. The Series 2002G Bonds have been duly and validly authorized and issued in accordance with the laws of the State, including the Constitution of the State and the Issuer Act, and in accordance with the Resolution, and are valid and binding special obligations of TBTA, enforceable in accordance with their terms and the terms of the Resolution, payable solely from the Trust Estate subject and subordinate to the payments to be made with respect to Senior Obligations and Senior Parity Debt as provided in Sections 503, 507 and 604 of the Senior Resolution, and shall be secured by a lien on and pledge of the Trust Estate junior and inferior to the lien on and pledge of the Trust Estate created by the Senior Resolution for the payment of the Senior Obligations and Senior Parity Debt. The Subordinate Revenue Obligations shall be payable from such amounts as shall from time to time be available for transfer pursuant to either Section 503.1(c) or Section 506.2 of the Senior Resolution and are entitled to the benefits of the Issuer Act and the Resolution. TBTA has no taxing power and the Series 2002G Bonds are not debts of the State or of any other political subdivision thereof. TBTA reserves the right to issue Senior Obligations and Senior Parity Debt in accordance with the provisions of the Senior Resolution, and to issue additional Obligations and to incur Parity Debt on the terms and conditions, and for the purposes, provided in the Resolution, on a parity as to security and payment with the Series 2002G Bonds.

4. The Series 2002G Bonds are securities in which all public officers and bodies of the State and all municipalities and political subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking

business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons who are or may be authorized to invest in bonds or other obligations of the State, may properly and legally invest funds including capital in their control or belonging to them to the extent that the legality of such investment is governed by the laws of the State; and which may be deposited with and shall be received by all public officers and bodies of the State and all municipalities and political subdivisions for any purpose for which the deposit of bonds or other obligations of the State is or may be authorized.

5. Under existing statutes and court decisions (i) interest on the Series 2002G Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Code, and (ii) interest on the Series 2002G Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations.

6. Under existing statutes, interest on the Series 2002G Bonds is exempt from personal income taxes imposed by the State or any political subdivision thereof.

7. The Escrow Agreements have each been duly authorized, executed and delivered by TBTA, and, assuming the due authorization, execution and delivery of each of them by the respective Prior Trustees, each of the Escrow Agreements is a valid and binding obligation of TBTA, enforceable in accordance with its respective terms. The Refunded Bonds have been paid within the meaning and with the effect expressed in the Prior Resolutions, and the covenants, agreements and other obligations of TBTA to the holders of the Refunded Bonds have been discharged and satisfied.

The opinions expressed in paragraphs 2 and 3 above are subject to applicable bankruptcy, insolvency, reorganization, moratorium and other laws heretofore or hereafter enacted affecting creditors' rights and are subject to the application of principles of equity relating to or affecting the enforcement of contractual obligations, whether such enforcement is considered in a proceeding in equity or at law.

Except as stated in paragraphs 5 and 6, we express no opinion regarding any other federal, state, local or foreign tax consequences with respect to the Series 2002G Bonds. We express no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for federal income tax purposes of interest on the Series 2002G Bonds, or under state, local and foreign tax law.

We express no opinion as to the accuracy or sufficiency of any financial or other information which has been or will be supplied to purchasers of the Series 2002G Bonds.

This opinion letter is rendered solely with regard to the matters expressly opined on above and does not consider or extend to any documents, agreements, representations or other material of any kind not specifically opined on above. No other opinions are intended nor should they be inferred. This opinion letter is issued as of the date hereof, and we assume no obligation to update, revise or supplement this opinion letter to reflect any future actions, facts or circumstances that may hereafter come to our attention, or any changes in law, or in interpretations thereof, that may hereafter occur, or for any reason whatsoever.

Very truly yours,

(b) Promptly after the Submission Deadline on each Auction Date for Series 2002G Bonds of each subseries in an Auction Rate Mode, the Auction Agent shall assemble all Orders submitted or deemed submitted to it by the Broker-Dealers (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to as a "Submitted Hold Order," a "Submitted Bid" or a "Submitted Sell Order," as the case may be, and collectively as a "Submitted Order") and shall determine (i) the Available Bonds, (ii) whether there are Sufficient Clearing Bids, and (iii) the Auction Rate.

(c) Promptly after the Auction Agent has made the determinations pursuant to subsection (b) above, the Auction Agent shall advise the Trustee by telephone (promptly confirmed in writing), telex or facsimile transmission or other electronic communication acceptable to the parties of the Auction Rate for the next succeeding Auction Period and the Trustee shall promptly notify the Securities Depository of such Auction Rate.

(d) In the event the Auction Agent fails to calculate or, for any reason, fails to timely provide the Auction Rate for any Auction Period, (i) if the preceding Auction Period was a period of 35 days or less, the new Auction Period shall be the same as the preceding Auction Period and the Auction Period Rate for the new Auction Period shall be the same as the Auction Period Rate for the preceding Auction Period, and (ii) if the preceding Auction Period was a period of greater than 35 days, the preceding Auction Period shall be extended to the seventh day following the day that would have been the last day of such Auction Period had it not been extended (or if such seventh day is not followed by a Business Day then to the next succeeding day which is followed by a Business Day) and the Auction Period Rate in effect for the preceding Auction Period will continue in effect for the Auction Period as so extended. In the event an Auction Period is extended as set forth in clause (ii) of the preceding sentence, an Auction shall be held on the last Business Day of the Auction Period as so extended to take effect for an Auction Period beginning on the Business Day immediately following the last day of the Auction Period as extended which Auction Period will end on the date it would otherwise have ended on had the prior Auction Period not been extended.

(e) In the event that the Auction Procedures are suspended pursuant to paragraph (iv) of subsection (c) of "Orders by Existing Owners and Potential Owners" of this Attachment 4 with respect to any Series 2002G Bond of subseries, the Auction Period Rate for the next succeeding Auction Period shall be the Default Rate.

(f) In the event that all of the conditions for a change in the Mode applicable to the Series 2002G Bonds of a subseries from an Auction Mode to any other Mode pursuant to the Subordinate Revenue Resolution have not been met or in the event of a failure to change the length of the current Auction Period due to the lack of Sufficient Clearing Bids at the Auction on the Auction Date for the first new Auction Period, the Auction Period Rate for the next Auction Period shall be the Maximum Auction Rate and the Auction Period shall be a seven-day Auction Period.

(g) If the Series 2002G Bonds of a subseries are not rated or if the Series 2002G Bonds of a subseries are no longer maintained in book-entry form by the Securities Depository, then the Auction Period Rate shall be the Maximum Auction Rate.

(h) If the Auction Period Rate for the Series 2002G Bonds of a subseries is equal to the Maximum Auction Rate or the Default Rate for the longer of (i) two consecutive Auction Dates or (ii) ninety (90) days, the Insurer shall have the right to direct TBTA to change the Mode applicable to the Series 2002G Bonds of such subseries to the fixed rate and upon such direction TBTA shall change such Mode to the fixed rate in accordance with the Subordinate Revenue Resolution.

(d) If, as a result of the procedures described in subsection (a) above, any Potential Owner would be required to purchase a principal amount of Series 2002G Bonds of a subseries that is less than the Authorized Denomination for Series 2002G Bonds of such subseries on any Auction Date, the Auction Agent shall by lot, in such manner as it shall determine in its sole discretion, allocate such Series 2002G Bonds for purchase among Potential Owners so that the principal amount of Series 2002G Bonds of a subseries purchased on such Auction Date by any Potential Owner shall be an integral multiple of the Authorized Denomination for Series 2002G Bonds of such subseries, even if such allocation results in one or more of such Potential Owners not purchasing such Series 2002G Bonds on such Auction Date.

If either rate is unavailable, the Index for the Series 2002G Bonds of a subseries shall be an index or rate agreed to by all Broker-Dealers and consented to by TBTA.

(b) During an Auction Rate Mode, with respect to the Series 2002G Bonds of a subseries, the provisions of the Subordinate Revenue Resolution and the definitions contained therein and described in this Attachment 4, including without limitation the definitions of Maximum Rate, Maximum Auction Rate, All Hold Rate, Index, Default Rate, Auction Multiple and the Auction Period Rate, may be amended, with the consent of the Insurer, pursuant to the Subordinate Revenue Resolution by obtaining the consent of the owners of all Outstanding Series 2002G Bonds of such subseries as follows; provided, however, that no such amendments that adversely affect the rights, duties or obligations of the Auction Agent shall be made without the consent of the Auction Agent. If on the first Auction Date occurring at least 20 days after the date on which the Trustee mailed notice of such proposed amendment to the registered owners of the Outstanding Series 2002G Bonds of a subseries as required by the Supplemental Resolution, (i) the Auction Period Rate which is determined on such date is the Winning Bid Rate and (ii) there is delivered to TBTA and the Trustee a Favorable Opinion of Bond Counsel, the proposed amendment shall be deemed to have been consented to by the owners of all affected Outstanding Series 2002G Bonds of such subseries.

(c) If the Securities Depository notifies TBTA that it is unwilling or unable to continue as Owner of the Series 2002G Bonds of a subseries or if at any time the Securities Depository shall no longer be registered or in good standing under the Securities Exchange Act of 1934, as amended, or other applicable statute or regulation and a successor to the Securities Depository is not appointed by TBTA within 90 days after TBTA receives notice or becomes aware of such condition, as the case may be, TBTA shall execute and the Trustee shall authenticate and deliver certificates representing the Series 2002G Bonds of such subseries. Such Series 2002G Bonds shall be authorized in such names and authorized denominations as the Securities Depository, pursuant to instructions from the Agent Members or otherwise, shall instruct TBTA and the Trustee.

(d) During an Auction Rate Mode, so long as the ownership of the Series 2002G Bonds of a subseries is maintained in book-entry form by the Securities Depository, an Existing Owner or a beneficial owner may sell, transfer or otherwise dispose of a Series 2002G Bond only pursuant to a Bid or Sell Order in accordance with the Auction Procedures or to or through a Broker-Dealer, provided that (i) in the case of all transfers other than pursuant to Auctions such Existing Owner or its Broker-Dealer or its Agent Member advises the Auction Agent of such transfer and (ii) a sale, transfer or other disposition of Series 2002G Bonds of a subseries from a customer of a Broker-Dealer who is listed on the records of that Broker-Dealer as the holder of such Series 2002G Bonds to that Broker-Dealer or another customer of that Broker-Dealer shall not be deemed to be a sale, transfer or other disposition for purposes of this paragraph if such Broker-Dealer remains the Existing Owner of Series 2002G Bonds of a subseries so sold, transferred or disposed of immediately after such sale, transfer or disposition.

Changes in Auction Period or Auction Date

(a) *Changes in Auction Period.*

(i) During any Auction Rate Mode, TBTA may from time to time on any Interest Payment Date, change the length of the Auction Period with respect to all of the Series 2002G Bonds of any subseries among daily, seven-days, 28-days, 35-days, three months, six months and a Special Auction Period in order to accommodate economic and financial factors that may affect or be relevant to the length of the Auction Period and the interest rate borne by Series 2002G Bonds of such subseries. TBTA shall initiate the change in the length of the Auction Period by giving written notice to the Insurer, the Auction Agent, the Broker-

Dealers and the Securities Depository that the Auction Period shall change if the conditions described herein are satisfied and the proposed effective date of the change, at least 10 Business Days prior to the Auction Date for such Auction Period; provided, however, that in the case of a change from a Special Auction Period of 92 or more days, the date of such change shall be the Interest Payment Date immediately following the last day of such Special Auction Period.

(ii) Any such changed Auction Period shall be for a period of one day, seven-days, 28-days, 35-days, three months, six months or a Special Auction Period and shall be for all of the Series 2002G Bonds of a subseries in an Auction Rate Mode.

(iii) The change in the length of the Auction Period for Series 2002G Bonds of any subseries shall not be allowed unless Sufficient Clearing Bids existed at both the Auction before the date on which the notice of the proposed change was given as provided in this subsection (a) and the Auction immediately preceding the proposed change.

(iv) The change in length of the Auction Period for Series 2002G Bonds of any subseries shall take effect only if (A) the Trustee and the Auction Agent receive, by 11:00 a.m., New York City time, on the Business Day before the Auction Date for the first such Auction Period, a certificate from TBTA consenting to the change in the length of the Auction Period specified in such certificate and (B) Sufficient Clearing Bids exist at the Auction on the Auction Date for such first Auction Period. For purposes of the Auction for such first Auction Period only, each Existing Owner shall be deemed to have submitted Sell Orders with respect to all of its Series 2002G Bonds of a subseries for which there is to be a change in the length of the Auction Period except to the extent such Existing Owner submits an Order with respect to such Series 2002G Bonds. If the condition referred to in (A) above is not met, the Auction Rate for the next Auction Period shall be determined pursuant to the Auction Procedures and the Auction Period shall be the Auction Period determined without reference to the proposed change. If the condition referred to in (A) is met but the condition referred to in (B) above is not met, the Auction Rate for the next Auction Period shall be the Maximum Auction Rate and the Auction Period shall be a seven-day Auction Period.

(v) On the conversion date for Series 2002G Bonds of a subseries from one Auction Period to another, any Series 2002G Bonds of such subseries which are not the subject of a specific Hold Order or Bid shall be deemed to be subject to a Sell Order.

(b) *Changes in Auction Date.* During any Auction Rate Mode, the Auction Agent, with the written consent of TBTA, may specify an earlier Auction Date for Series 2002G Bonds of any subseries (but in no event more than five Business Days earlier) than the Auction Date that would otherwise be determined in accordance with the definition of "Auction Date" in order to conform with then current market practice with respect to similar securities or to accommodate economic and financial factors that may affect or be relevant to the day of the week constituting an Auction Date and the interest rate borne on such Series 2002G Bonds. The Auction Agent shall provide notice of its determination to specify an earlier Auction Date for an Auction Period by means of a written notice delivered at least 45 days prior to the proposed changed Auction Date to the Trustee, TBTA, the Insurer, the Broker-Dealers and the Securities Depository.

Auction Agent

(a) The Auction Agent shall be appointed by the Trustee at the written direction of TBTA, to perform the functions specified herein. The Auction Agent shall designate its Principal Office and signify its acceptance of the duties and obligations imposed upon it hereunder by an Auction Agreement delivered to TBTA, the Trustee and each Broker-Dealer which shall set forth such procedural and other matters relating to the implementation of the Auction Procedures as shall be satisfactory to TBTA and the Trustee.

(b) Subject to any applicable governmental restrictions, the Auction Agent may be or become the owner of or trade in Series 2002G Bonds with the same rights as if such entity were not the Auction Agent.

Qualifications of Auction Agent; Resignation; Removal.

The Auction Agent shall be (a) a bank or trust company organized under the laws of the United States or any state or territory thereof having a combined capital stock, surplus and undivided profits of at least \$30,000,000, or (b) a member of National Association of Securities Dealers having a capitalization of at least \$30,000,000 and, in either case, authorized by law to perform all the duties imposed upon it by the Supplemental Resolution and a member of or a participant in, the Securities Depository. The Auction Agent may at any time resign and be discharged of the duties and obligations created by the Supplemental Resolution by giving at least ninety (90) days notice to TBTA, the Insurer, each Broker-Dealer and the Trustee. The Auction Agent may be removed at any time by TBTA by written notice, delivered to the Auction Agent, TBTA, the Insurer, each Broker-Dealer and the Trustee. Upon any such resignation or removal, the Trustee shall appoint a successor Auction Agent meeting the requirements of this Section. In the event of the resignation or removal of the Auction Agent, the Auction Agent shall pay over, assign and deliver any moneys and Series 2002G Bonds held by it in such capacity to its successor. The Auction Agent shall continue to perform its duties hereunder until its successor has been appointed by the Trustee. In the event that the Auction Agent has not been compensated for its services, the Auction Agent may resign by giving thirty (30) days notice to TBTA and the Trustee even if a successor Auction Agent has not been appointed.
