1. APPROVAL OF MINUTES

The minutes of the January 30, 2013 Audit Committee meeting were approved.

2. AUDIT COMMITTEE WORKPLAN

The Committee Chair indicated that the next committee meeting is scheduled for June 5, 2013. The agenda for that meeting includes: the review of 1st Quarter 2013 Financial Statements, the Single Audit Reports, the Investment Compliance Report, Management Letter Reports and the 2013 Audit Plan Status. All concerned were reminded of the tight timeframe to complete their respective deliverables.

3. 2012 FINANCIAL STATEMENTS

Patrick Kane (MTA Comptroller) presented a management’s review of the 2012 MTA consolidated financial statements. He briefed the Committee about the statements preparation and presentation, including Management’s Discussion and Analysis; the Consolidated Financial Statements; the Notes to the Financial Statements; the Required Supplementary Information and the Additional Supplementary Information. In reviewing the 2012 vs. 2011 changes in financial position, he provided explanation on the $2,079 million increase in Net Capital Assets; the $1,484 million decrease in Other Assets & Deferred Outflows; the $932 million increase in Liabilities; and the $337 million decrease in ending Net Assets. He also presented the required supplementary information relating to Pension Funding Progress and Post-Employment Benefit Plan Funding Progress. There were discussions on the gain on asset impairment related to Superstorm Sandy and the accounting and economic valuation of the assets being replaced. The Chair commented on the increase in salaries and wages and the need to have a consistency in presenting operating expenses between agencies. The Chair also inquired about the progress with PeopleSoft regarding financial statements consolidation. Patrick Kane advised that significant progress has been made and that automation has sped up the consolidation process.
David Jones (D&T) informed the Committee that in addition to performing the audits of the consolidated financial statements of the MTA and its agencies in accordance with the work scope contained in the July 2012 audit engagement agreement, they spent a considerable amount of time on the accounting and valuation of assets damaged due to Superstorm Sandy, performing due diligence work: reviewing management’s estimates on asset impairment and replacement costs; meeting with agency engineers; and touring damaged facilities. He spoke about the changes in the audit letter, explaining its new format and additional supplementary information disclosures and that the letter mirrored the changes in the financial report.

David briefed the Committee on the auditing procedures they performed, including conducting risk assessments, evaluating internal controls and reviewing management judgments and estimates to ensure consistency and compliance with accounting principles. He mentioned that the MTA adopted GASB 63, a major change in MTA’s financial reporting relating to Deferred Outflows and Inflows of Resources and Net Position. He also mentioned that they reviewed the information presented in the “Required Supplementary Information” and the information reported in the MTA’s budgetary or “official” statements to ensure they are consistent with the consolidated financial statements. He noted that there were no uncorrected misstatements in the financial statements, but mentioned that an audit adjustment was made to reclassify an agency’s negative cash balances to a liability account. He indicated that estimates reflected in the statements relating to Superstorm Sandy could change in the future as better information becomes known. He noted that a material weakness related to SIRTOA’s inability to close its 2011 financial statements has been corrected and no longer exists this year. He reported that the accounting policies and practices used by the MTA were in accordance with GAAP and that there were no disagreements with management and no consultation with other accountants took place during the audit.

A motion was made and seconded to approve the 2012 financial statements.

4. FINANCIAL INTEREST REPORTS AND ETHICS PROGRAM

Lamond Kearse (MTA Corporate Compliance) provided the Committee with a report on the 2012 Financial Interest Report covering calendar year 2011 filings. He briefly outlined the financial interest reporting requirements of Public Officers Law Section 73-a, and advised that out of the 5,673 individuals required to file, 11 filers were delinquent; the delinquents were down to two at meeting time. He informed the Committee that Corporate Compliance reminded all “covered employees” of the filing due date for calendar year 2012 and of the changes relating to approved outside activities. He mentioned that this year’s filings require disclosure of clients.

Lamond also provided the Committee with an overview of the MTA Ethics and Compliance Program. He reported that in 2012 they handled over 470 ethics issues, including attendance at prohibited sources, outside activity approval requests, gifts, financial disclosures and acceptance of honoraria. He noted that Corporate Compliance conducted 38 Ethics Training sessions in 2012 and trained 2,795 employees, 309 better than 2,486 employees projected. Corporate Compliance also mailed out communication covering code of ethics, holiday gifts, political activity and other ethics-related issues to 67,000 employees last year and Lamond indicated that more mailings may be required by Albany for this year. There were discussions on the cost of the mailings and as to who or which entities are considered prohibited sources.
5. EXECUTIVE SESSION

A motion was made and approved to go into Executive Session to allow the Committee to discuss current litigation with the agencies’ General Counsels.

6. MOTION TO RETURN TO PUBLIC SESSION

A motion was made and seconded to return to public session.

7. MOTION TO ADJOURN

A motion was made and seconded to adjourn the meeting.

Respectfully submitted,

Michael J. Fucilli
