PUBLIC COMMENTS PERIOD

A speaker appeared before the Committee and spoke about the inflexibility of committee rules and made positive comments about the FasTrack program.

1. APPROVAL OF MINUTES

The minutes of the June 5, 2013 Audit Committee meeting were approved.

2. AUDIT COMMITTEE WORKPLAN

The next Audit Committee meeting is scheduled for January 29, 2014. The January agenda will include a briefing on the results of the review of the 3rd Quarter Financial statements and the Pension audits by Deloitte and a presentation on the 2013 Audit Plan Status and the 2014 Audit Plan by Audit Services and the Information Technology Report by the agency CIOs.

3. INDEPENDENT ACCOUNTANTS’ REVIEW REPORT FOR SECOND QUARTER 2013

Patrick Kane (MTA) informed the Committee of changes to the draft financial statements, involving a reclassification between restricted and unrestricted accounts within the Net Position section of the statements and a change of $11.4 million in the “Other non-operating income” account reported in the Reconciliation between Financial Plan and Financial Statements.

Michael Fritz (D&T) briefed the Committee on the results of their review of the 2nd Quarter 2013 Consolidated Interim Financial Statements. Similar to previous quarterly reviews the MTA’s financial statements were reviewed for consistency. He commented that the statements were prepared in accordance with generally accepted accounting principles and that they did not note any significant issues that would have a material effect on the financial statements. The Committee inquired if any adjustments were required as a result of the mobility tax litigation.
settlement. Deloitte responded no adjustments were required. The Committee also inquired about the significant increase in unredeemed fares and tolls. William Vazoulas (NYC Transit Controller) explained that the increase was due in part to advertising revenues received in advance which have been deferred and included in the unredeemed fare and toll account. There were discussions regarding the effective dates when the MTA will begin to adopt GASB No. 67, 68 and 70; the significant decrease in obligations under capital leases; and the $892 million increase in “Other Postemployment Benefits” (OPEB) obligations. A motion was made and seconded to approve the MTA Consolidated Interim Financial Statements for the 2nd Quarter 2013.

4. AGREED UPON PROCEDURES REVIEW OF MTA IG’S OFFICE

Michael Fritz (D&T) indicated a review of the Inspector General’s office expenses for 2012 that D&T performed based on the “Agreed Upon” procedures found no exceptions. The Committee commented that the MTA IG budget to actual expense comparison showed a favorable variance of $974,000. A motion was made and seconded to approve the Review of the MTA IG’s office expenses.

5. RE-APPOINTMENT OF EXTERNAL AUDITORS

The Chair requested the Committee vote on the re-appointment of Deloitte & Touche as the single independent auditor for MTA HQ and all the agencies. The Chair noted that this is the fifth year of a seven-year contract, and the previously agreed-upon cost for the 2013 year-end audit is $1,658,000. A motion was made and seconded to approve the appointment of D&T as the independent auditor for the MTA and all its agencies for the 2013 year-end audit.

6. 2013 AUDIT APPROACH PLAN

Michael Fritz (D&T) introduced the audit engagement team for the 2013 audit: Glenn Friedrich, Partner; Mike Malloy, Director; and Senior Managers Jill Strohmeyer and Darshan Patel. He briefed the Committee on key aspects of their audit approach, which is contained in Deloitte’s “MTA 2013 Audit Service Plan” document that was provided to the Committee. He highlighted the focus for their 2013 audit and mentioned several areas, including internal controls over financial reporting, cash, valuation of investments, capital asset impairment, pension and other postemployment benefits (OPEB), toll revenues, salaries and wages and grant funds and FEMA money. He indicated they will use a risk-based approach in designing procedures to detect “what could go wrong” and ensure the financials contain no material misstatements. He also directed the Committee’s attention to the section of the Plan which presents Deloitte’s response to address the key areas of risk: investments, derivatives, OPEB, estimated liability arising from injuries to persons and capital assets. He indicated that a significant amount of time will be spent in capital assets impairment and recoveries. He mentioned that in terms of audit timeline, the audit team will perform the audit testing in November and December and will do the audit work itself in February through April. Finally, he mentioned that Deloitte value reputation and is well known for its quality work and has been inspected by PCAOB and has been subjected to an external Peer Review every three years as required by the professional standards. He indicated that next Peer Review is scheduled this year and if MTA is selected for the review, the Committee will be notified.
7. **REVIEW OF AUDIT COMMITTEE CHARTER**

Lamond Kearse (MTA) briefed the Committee that each year the Committee is required to review and assess the adequacy of its Charter. He informed the Committee that the staff has no recommended changes to the Charter. The Chair noted increasing the number of meetings to 5 a year would not require a Charter change as it is within the minimum four meetings required in the Charter. A motion was made and seconded to accept the Committee Charter.

8. **REVIEW OF THE ERM AND INTERNAL CONTROL GUIDELINES**

Lamond Kearse (MTA) informed the Committee that the Enterprise Risk Management and Internal Control Guidelines are required to be reviewed annually and the CCO staff is not recommending changes to the Guidelines at this time. He mentioned, however, that as a result of the revisions to the Committee on Sponsoring Organization (COSO) framework, which are effective December 2014, a review will be made to determine if changes to the Guidelines are necessary to conform to the new COSO framework. The Committee noted that the list of agencies required to comply with the Guidelines still included Metropolitan Suburban Bus Company. Lamond Kearse responded that in recent discussions with General Counsel about that matter, the General Counsel advised to leave it in the list for now.

9. **OPEN AUDIT RECOMMENDATIONS**

Lamond Kearse (MTA) informed the Committee that the review of the open audit recommendations found that only one exceeded the six month period beyond their implementation date. It pertained to the Audit of NYC Transit Accounts Receivable reported on September 24, 2012 in which, to date, 15 of the 16 recommendations in that audit have been implemented. The open recommendation required NYC Transit to update its written guidelines and procedures in the collection, the provision of reserves and the write-off of receivables. NYC Transit expects to complete the guidelines and procedures by end of the year. The Committee commented on the significant improvement in this area, considering the backlog of open recommendations in the past years.

10. **COMPLIANCE WITH THE REQUIREMENTS OF THE INTERNAL CONTROL ACT**

Lamond Kearse (MTA) informed the Committee of the review process that the MTA go through annually to determine whether its agencies are in compliance with the requirements of Public Authorities Law Section 2931 (Internal Control Act). He informed the Committee of the requirements of the law, which included, among others: the establishment of guidelines for a system of internal controls, maintaining a systems of internal controls and program of internal control review, performing risk assessments and control testing, making available to each employee a clear and concise statement of the managerial policies and standards that he or she is expected to comply, designation of internal control officers, conducting applicable training and the establishment of an internal audit function. He indicated to the Committee that the MTA is in compliance with the requirements of PAL Section 2931.
11. SUMMARY OF AUDIT COMMITTEE ACTIVITY

The Chair directed the Committee's attention to the annual Summary of Audit Committee Activity report, which presents all activities conducted at Audit Committee for the 12-month ended July 2013. It is prepared in compliance with the MTA Audit Committee Charter and is consistent with the report issued to the Board last year. The Chair requested for comments and a motion to accept the report. The Committee voted to accept the report.

12. MOTION TO ADJOURN

A motion was made and seconded to adjourn the meeting.

13. NEXT MEETING

The next meeting of the Audit Committee is scheduled for January 29, 2014.

Respectfully submitted,

Michael J. Fucilli
Auditor General
