Public Speakers

Kieran Spillane, Acting Project Manager of Second Avenue Subway Project, provided a brief overview. In addition, two program interns, Flavia Beppler and Ahmed Obidat discussed their experiences.

Approval of Minutes

Votes on minutes of the meetings held on September 27, 2017, December 13, 2017, February 20, 2018, and May 21, 2018 will take place at the following Diversity Committee meeting.

2018 Diversity Committee Work Plan

Chair Metzger asked if there were any changes to the Work Plan. Mr. Din stated that there were two changes to the work plan: the reporting for September is being presented in November 2018, and the Committee Charter Review is removed because the full Board completed the annual review of the charter in March 2018.
Executive Summary

Mr. Garner stated that Governor Andrew Cuomo announced contract payments made to MWBEs by state agencies and public authorities and MTA was ranked number one, averaging 26%. Mr. Garner stated that this year MTA will exceed its 30% MWBE goal by working with the operating agencies to create opportunities at the prime and subcontract levels.

Business and Diversity Initiatives

Mr. Din provided an update on various outreach events for MWDBEs, Service Disabled Veteran-Owned Businesses (“SDVOBs”), and other small businesses that DDCR organized and/or attended. He said that DDCR attended 17 outreach events from January through October 2018, resulting in increased participation in some areas. He reported that the MWBE Conference was held in Albany in October 2018, the largest state-wide meeting of its kind with over 2,000 participants.

Mr. Din also stated that details of the firms who have obtained contracts from the MTA as a result of participating in the outreach events are in the committee book. Specifically, he said 35 firms obtained contracts, totaling $467 million in both prime and subcontract awards. He reported that attendance at the DBE Certification Workshops has also increased.

Certification Activity Report

Mr. Din reported on the DBE certification activity for the second quarter of calendar year 2018. He said that from April through September 2018, DDCR received fewer DBE certification applications, compared with the same period in previous two years. However, he said, due to an increase in the number of firms attending DDCR workshops, a corresponding increase in the number of new certification applications is expected in the future.

Second Quarter 2018 EEO Activities

Ms. Samuda stated that total MTA workforce increased by 2 percent. She said female representation increased by 6 percent, and that females were hired at a higher percentage compared to their current representation in the workforce. In addition, she said, minority representation in the work force increased by 3 percent.

Ms. Samuda said DDCR has also outlined the underutilization of females and minorities in specific job categories.

MTA Agency-Wide Strategies to Improve Workforce Diversity

Ms. Samuda stated that the agency-wide strategies for improvement are outlined in the Committee book.

Mr. Garner stated that, based on several conversations with Vice Chairman Ferrer and Chair Metzger, DDCR is meeting with MTA operating agencies, including their HR and EEO staff to prepare recommendations for addressing underutilization in specific job categories. Mr. Garner said he will brief the senior leadership team, and finalize strategies for hiring in a more inclusive manner. He said as Chair Metzger has previously indicated, MTA will need to incorporate the same business practices and strategies that are employed on the business side for increasing opportunities for MWDBEs.
Chair Metzger pointed out that it ultimately rests with the operating agencies to bring about the changes, and help meet the hiring goals. She said it takes both sides to work together and share what has been successful.

**SBDP Update**

Mr. Cleary reported that 244 contractors are participating in the SBDP. However, he said, compared to last year, there has been a downward trend in program participation due to the graduation from the program and the failure of firms to submit their financial information in a timely manner.

Mr. Cleary said the Emerging Contractors Program was established to increase diversity of the program. He said of the diverse firms in this program, 53 firms were prequalified, and 21 firms satisfied the Tier I prequalification requirements and have transitioned into Tier I. He added that 15 firms did not meet the Tier I pre-qualification requirement and were rescinded from the program. Mr. Cleary said that during last year, SBDP awarded 10 projects, $3.87 million.

He said SBDP has awarded 345 prime contracts, totaling $328.3 million. Mr. Cleary said In Program Year Eight, ending July 31, 2018, 68 projects totaling $70.2 million were awarded, a 94% increase in the number of projects awarded, and a little over 102% increase in the total dollars compared with the previous program year.

Mr. Cleary reported that since the inception of the loan program, SBDP approved 108 loans, totaling $14.5 million. He said the surety bond assistance program, geared towards Tier II of the program and Federal Program have yielded $262 million in single and $489 million in aggregate surety bonding.

Additionally, Mr. Cleary stated that 94 contracts have been awarded in Tier II and the Federal Program since the inception of the program. He said an estimated 8,200 jobs were created with small businesses, MWDME and SDVOB communities. He said that in Program Year Eight, an estimated 1,684 new jobs were created, a 27% increase from the previous year.

In regards to the new and exciting upcoming things, Mr. Cleary mentioned the comprehensive website review and capability statement for contractors. He said SBDP is currently in the process of researching vendors who can assist in this endeavor.

Mr. Cleary said SBDP is also working with various MTA agencies to create bidding opportunities in the $3 million to $15 million range so that the program graduates can continue to grow their businesses by bidding on work within MTA.

Mr. Garner stated that many firms in the SBDP are winning project awards in the $7 million to $9 million range. He said aim of the program is to award prime contracts to small, MWDWE, and SDVOB firms. Mr. Garner added that at the state level the intent is to expand this program to other state agencies like DASNY, CUNY, and SUNY.

**M/W/DBE and SDVOB Contract Compliance Second Quarter 2018 Report**

Mr. Din reported that MTA’s overall MWBE goal is 30% (15% for MBEs and 15% for WBEs). He said 15% MWBE participation was achieved in contract awards and 26% was achieved in contract payments. Mr. Din also reported that MTA met its overall SDVOB goal of 6% for the reporting period.
Mr. Din reported that MTA’s overall DBE goal is 18%. He said 13% DBE participation was achieved in awards, and 15% was achieved in payments.

Mr. Din stated that MTA has achieved 73% MWBE participation and 56% DBE participation for the SBMP, and continues to work with the operating agencies to design smaller contracts which range from $3 million to $15 million in value to allow for greater opportunities for small businesses like SDVOBs and MWDBEs as prime contract awards. He said MTA will continue to conduct effective outreach to potential firms so that we can increase our pool of available firms who can participate in SBMP as well as other contracts. Lastly, he said, MTA will engage in target recruitment effort to encourage MWDBEs and DBEs to compete as prime contractors.

Mr. Din stated that currently, more than 1,500 contracts are being monitored for goal compliance. He said in order to safeguard against fraud and ensure that the MWDBE and SDVOBs are performing a commercial useful function, DDCR will continue to conduct such site visits. Mr. Din said during the reporting period of January through September 2018, over 500 visits were conducted. He said the average for this period is 56 site visits which exceeds the goal DDCR’s monthly goal of 50 visits.

Chair Metzger asked if DDCR uses a metric to determine if contract goals are being met. She asked if DDCR has a measure that says more goals are being met than were being met in the previous years, or is there a metric that identifies who is meeting the goals and who is not, and the mitigation plan they need to put into effect.

Ms. Harleston replied that the information is contained in the Committee book, indicating a five-year range that shows how MWDBE participation has fluctuated. She said it has been broken down by agency so that discussions can be had with those agencies. She said DDCR can provide more detailed information.

Chair Metzger said that more detailed information is not stated in the Executive Summary, which is a summary of the data. Ms. Harleston pointed out the sections of the Committee book which contain more detailed information. Vice Chairman Ferrer said metrics are needed so that we can focus on mitigation efforts.

Mr. Garner stated that he will review the number of payments to state-certified firms. For example, he said during 2008-2009, MTA paid $114 million (6%) to MWBEs. He said in the most recent state fiscal year MWBE participation increased to $634 million (26%). Mr. Garner said that the most state-favored metric is contract payments, whereas the FTA looks at contract awards to measure overall goal compliance. He said the MWDBE payments are the most accurate measure of success.

Chair Metzger stated that the metric of payments makes sense but it is hard sometimes for the Board to understand because in many cases payments cover a period of years where our goal changes, so it looks like we are not meeting the goal even though we are. She said we are just meeting different goals through time.

Mr. Garner said DDCR is getting more aggressive in achieving MWDBE goals. He said enforcement of MWDBE goal is a responsibility which is shared with the operating agencies. He said DDCR will send a monthly progress report to agency presidents, highlighting projects that are not meeting their assigned goals, and create an action plan for goal compliance. Chair
Metzger stated that this will be helpful for agency presidents to determine where their respective agency stands.

Lastly, Mr. Din reported that in order to accurately assess goal compliance, DDCR closed over 1,300 contracts during the reporting period.

Mr. Garner thanked Ms. Harleston and her staff for doing a great job in this area. Mr. Garner stated that a few years ago, MTA Inspector General’s Office conducted an audit that showed that we were not timely closing out projects, and we were not conducting site visits. Since then MTA operating agencies and DDCR have implemented new policies governing timely project closeouts and site visits.

**Capital Projects**

Mr. Din reported that for federally funded projects, 12% DBE participation was achieved in awards, and 17% DBE participation was achieved in payments. He said for state-funded projects, 15% MBE and 14% WBE participation was achieved in awards. He also stated that 12% MBE and 11% WBE participation was achieved in payments. Mr. Din reported that an additional 0.38% participation in awards, and 1% participation in payments were achieved for SDVOBs.

Chair Metzger stated that we need to do a better job in achieving SDVOB participation in capital projects. Mr. Garner said that he expects to attend the upcoming VETCON conference in Albany in a few weeks. He said this event draws SDVOBs, contractors, and state agencies, and affords great networking opportunities.

**Financial Services**

Mr. Garner said MWBE participation in outside counsel fees has increased from 8% last year to 15% this year. He said greater participation is required from MBE firms as opposed to WBE firms so that 15% goal each is achieved for each set of firms. Mr. Garner said he is monitoring this monthly and will provide an update.

Mr. Isom stated that in regards to underwriter fees, the overall MWBE percentage is close to 20%, and the SDVOB percentage is close to 6% for a total participation of 35.42%. He said MTA is on target to meet its overall state fiscal year goals.

**Asset Fund Managers**

Mr. Din reported that of the total assets, $1.2 billion (15%) was being managed by MWBEs.

Mr. Garner recognized the DDCR staff for their continued hard work.

Ms. Brown presented the workforce underutilization data. She said that in order to complete the utilization analysis to determine if the work force reflects the relevant labor market, each MTA agency’s EEO Office reviewed the respective work force data to ensure that each position title was assigned to the correct occupation code, job group, and EEO category. She said this project took a year to complete, and saved MTA almost $2 million in outside consultant fees. Ms. Brown thanked to the agency staff for their assistance in completion of this project.

Mr. Din provided an update on MTA-wide EEO complaints. He said that MTA and its agencies handled a total of 418 EEO complaints, of which 237 were internal and 181 were external complaints. Mr. Din added that MTA and its agencies handled a total of 260 Title VI complaints.

Agency Strategies to Address Utilization

Each MTA agency president or designee, and representatives from MTAHQ and MTAPD reaffirmed their commitment to EEO and diversity. They also outlined their respective agency or department’s efforts to increase representation of women and minorities in the workforce, and efforts to increase contracting opportunities for small businesses, including MWDBEs and SDVOBs. They also reported on the representation of women and minorities in the current workforce, new hires and promotions. This information is provided in the Committee book and contained in the videotape of this meeting. The following is a summary of what was stated at the meeting.
MTA Headquarters (“MTAHQ”)

Mr. Garner and Mr. Kalish discussed the strategies employed at MTAHQ. Mr. Garner stated that MTAHQ reaffirms its commitment to diversity and inclusion in the workplace. Mr. Kalish reaffirmed the importance of diversity in the workplace. He said this applies not only to gender and race-based classifications, but extends to veteran status, disability status, and membership in the LGBTQ community.

Regarding 2017 accomplishments, Mr. Kalish stated that 61% of MTA HQ new hires have been minorities. He said MTAHQ has been aggressively advertising through a variety of diverse publications.

Mr. Garner added that EEO recruitment is a shared responsibility with respect to diversity. Mr. Garner said DDCR will be filling the newly created position of Assistant Deputy Chief Diversity Officer for Title VI and Workforce Initiatives. This person will work not only with HQ, but with all of the departments and agencies within MTA to provide solutions which will allow MTA to address workforce underutilization.

Mr. Garner added MTAHQ will expand diversity recruitment efforts to include people with disabilities and the LBGTQ community, in addition to outreach to affinity associations.

MTAPD

Chief McGrann reported on behalf of Chief Monaghan. He said increasing diversity in all ranks is MTAPD’s priority, and the command staff has been instructed to encourage all officers particularly women and minorities to take the upcoming promotional exams to sergeant and lieutenant. In addition, he said MTAPD has reached out to outside organizations, such as the Guardians Association and the New York Women in Law Enforcement organization seeking their assistance in outreach to minorities and women for new hires and promotions. He said MTAPD will also attend outreach events.

B&T

Mr. Fulton discussed the strategies employed at B&T. He said B&T has appointed Al Rivera as the Executive Vice President and Shawn Moore as the Acting Chief of Staff.

He said B&T continues to take part in SBDP. He added that B&T has successfully met its MWBE goals. Mr. Fulton said one of B&T’s success stories includes the most recent completion of improvements to the Battery Park Garage for $7 million. He said the
work was awarded under a competitive solicitation process, and was successfully completed by Masterpiece Contracting, a graduate of SBDP.

For 2018, Mr. Fulton said B&T will launch a succession planning committee to address the underrepresentation of women in critical mid-level positions. He said B&T will also launch its fourth class of MAs to address underrepresentation of females in the STEM field.

Mr. Fulton that B&T will conduct targeted recruitment to increase the under-representation of females in the second quarter and compile the workplace climate survey data and create strategies to address recruitment, hiring and retention practices of females, minorities, veterans, and persons with disabilities.

**MTA Bus**

Mr. Vidal said MTA Bus’s three-prong approach to diversity includes management awareness, public outreach, and workforce development. He stated that the agency’s senior leadership team will continue to work in conjunction with the agency EEO Office, DDCR, and NYC Transit to ensure the equitable representation and advancement of protected groups at all levels of employment.

In addition, he said the MTA Bus leadership team will conduct various management training sessions in the areas of ethics, respectful workplaces, and effective recruitment strategies among other topics in order to better inform our managers and supervisors. He said MTA Bus will continue to work to promote other diversity initiatives throughout MTA Bus Company.

Mr. Vidal said in 2018 MTA Bus will continue to identify areas of underrepresentation, and implement strategic recruitment initiatives.

**CC**

Mr. Lieber said CC is a growing construction management organization dedicated to building public use projects. He said as CC evolves, the leadership team will reflect how we can further integrate diversity into our operations in order to be more inclusive.

He reported CC’s key 2017 accomplishments in 2017: 58% of new hires are minorities; forged a relationship with the Army Corps of Engineers to brainstorm on recruitment and retention strategies.

Mr. Lieber said CC’s 2018 key diversity initiatives are as follows: actively recruit minority STEM students for internships with a view to retain them in entry-level professional positions; and continued partnership with MTA agencies to share costs, resources and best practices for strengthening recruitment strategies.

In addition, he said CC is developing a program where managerial staff will mentor students from underserved populations, with an emphasis on females and minorities. Finally, he said CC will be developing staff training to focus on diversity (age, work and personal experiences) and unconscious bias to further inclusion.
LIRR

Mr. Nowakowski said LIRR makes every effort to attract, develop and retain a workforce profile that reflects the diversity of the region. He also said LIRR operates its services without regard to race, color, or national origin, in accordance with Title VI of the Civil Rights Act of 1964.

He reported on LIRR’s 2017 key accomplishments: hired 323 employees, of which 19% are women, 44% are minorities, and 6% were veterans; hired 88 summer interns and seasonal staff, of which 44% are women and 49% minorities; recruited and hired two junior engineers, of whom one is a woman, two are minorities; and hired seven project manager trainees, of whom two are women, and five are minorities.

MNR

Ms. Rinaldi discussed MNR’s 2017 key accomplishments and best practices: establishment of Women’s Book Club, which attracts a cross-section of MNR employees and has provided an opportunity for women to network and share their stories in terms of advancing within the company; redesigning and refurnishing lactation room for employees.

Ms. Rinaldi said MNR hired 57 summer interns, of whom 40% are women. She said MNR and COMTO hosted the MTA Chief Panel Discussion that included the MTA’s interim executive director agency presidents. Metzger said she appreciated the current focus on workforce. She said MTA has become a national leader in minority subcontracting by using innovative programs that target minority businesses. She said she is happy to see that the agency presidents are working together to develop innovative programs that will address MTA-wide underutilization.

MTA Diversity Committee Meeting Minutes, Wednesday, September 27 2017
SBDP Update

Mr. Garner presented a video clip about SBDP from the Manhattan cable channel, New York 1. Mr. Garner stated that MTA’s model has become a national model with the right-size projects, training, access to capital and access to bonding. He thanked the MTA Board and agency presidents for their leadership in this regard. Mr. Garner said he is working with the operating agencies to form a working committee in order to ensure MTA’s goals are met. He said MTA intends to award $145 million in contracts during this year, and each year in 2018 and 2019.

Mr. Garner stated that access to government contract equals job creation in the MWDBE community, which is a pathway to homeownership, better educational opportunities, and better health care options.

With respect to access to capital, Mr. Garner said next week SBDP will award its 100th loan. He added that the MTA has become the national leader in providing access to capital for emerging small businesses. He said in the last seven years, there have been only two defaults, which is less than 1%.

M/W/DBE Contract Compliance Second Quarter 2017 Report

Mr. Din reported that for the first nine months of the Federal Fiscal Year 2017, MTA and its agencies awarded approximately $1.3 billion in federally-funded portion of contracts, with DBE participation of $197 million (15%). He said the overall DBE goal for 2017 is 17%. He reported that a total of $949 million was paid to prime contractors in federally-funded contracts, with DBE participation of $183 million (19%). Mr. Din stated that MTA is proposing to increase its overall DBE goal for next three FFYs from 17% to 18%. The overall DBE goal is set based on availability of DBEs and the types of projects which are expected to be awarded.

Mr. Din said that the overall MWBE goal is 30%. He said for New York State fiscal year 2016-2017, $811 million was awarded in state-funded contracts, with MWBE participation of approximately $127 million (16%). He reported that a total of $583 million was paid to prime contractors with MWBE participation of approximately $137 million (23%).

Mr. Din said for discretionary procurements, out of a total of approximately $147 million, with a value of $400,000 or less, approximately $26 million (17%) was awarded to MWBEs, and an additional $4 million (3%) was awarded to Small Business Concerns.

Mr. Din said for architectural and engineering awards through the discretionary procurement process, since inception 14 projects have been awarded, totaling $1.5 million. He said for IT discretionary spending, a total of 113 awards were made, with total value of $18 million. He said since inception $50 million has been awarded.

Mr. Din reported that MWBE law firms received $683,000 (9%) out of a total of $8 million paid in outside counsel fees. Mr. Din also stated that DDCR has made great progress regarding site visits. Mr. Din reported that 457 site visits were conducted from January to August 2017. He said on average each manager is required to conduct at least eight site visits per month. Mr. Din said as of August 2017, DDCR closed 1,142 contracts, with an additional 17 contracts that were in the process of being closed, and 75 contracts were pending agency action.
Mr. Garner stated that we are averaging less than 10% with regards to legal feels. He said he met with the MTA general counsels, and agreed to hold two major outreach events for the MWDBE firms who are currently on MTA’s outside counsel panel. In addition, Mr. Garner stated that DDCR was not aware that legal deeds being issued by MTA Risk Management were not being counted in legal fee statistics.

**M/W/DBE Capital Projects**

Mr. Din reported that as of June 2017, approximately $903 million was awarded in federally-funded capital projects, with $143 million (16%) awarded to DBEs. $459 million was awarded in state-funded capital projects, including $60 million (13%) awarded to MBEs, and $44 million (10%) awarded to WBEs. He said total MWBE participation is 23%, and there is no additional SDVOB participation.

**Financial Services**

Mr. Isom stated for the underwriter fees, for the first quarter of New York State fiscal year 2017-2018, $2.45 million was awarded in underwriter fees. He said MBE participation was $1.3 million (53%), and WBE participation was approximately $339,000 (14%). He reported that an additional $151,000 (6%) was paid to SDVOBs.

Mr. Isom said a total of 67% was awarded to MWBEs for the reporting period. He said MTA’s high participation rate was due to a large transaction that was handled by an MBE. He said in the future MWBE participation might be around 35%.

Mr. Isom confirmed that MTA’s 35% MWBE participation is the highest in the state. Mr. Garner added that financial services is the only area MTA-wide to achieve 6% SDVOB participation. He thanked Mr. Isom, Patrick McCoy, MTA Director of Finance and Robert Foran, MTA Chief Financial Officer for high MWBE and SDVOB participation in this area.

**Asset Fund Managers**

Mr. Crawford reported that the MWBE investment in alternative investments closed in 2nd quarter. He said private equity fund received a $25 million commitment from both plans. In addition, in response to Mr. Garner, he said MTA crossed $1billion threshold in assets managed by MWBE, which represents 15% of our total assets.

Mr. Crawford stated that MTA continues to actively source new relationships and investment managers. He said MTA engaged with investment consultants, industry groups, custodians, and brokers and active schedule with meetings with 43 MWBE investment managers.

He said the key opportunities in 2018 will be in event-driven, long/short equities, global macro, emerging markets, and private equity.

**Diversity Committee Charter**

Mr. Din stated that the Diversity Committee Charter is included in the book, and there are no changes recommended at this time.

Business and Diversity Initiatives

- In addition to hosting a DBE workshop for prospective applicants, the Business and Diversity Initiatives Unit attended 4 events in November 2018. Notable among these events was the annual Veterans in Transition Conference (VETCON), held in Albany, NY. DDCR and MTA agency procurement staff attended this event. A significant number of state agencies and hundreds of other visitors attended the matchmaking session. SDVOBs thus got the opportunity to network with public and private sector employers.

- On December 13, 2018 DDCR will host a DBE Opportunity Day event. DBEs will learn about contracting opportunities with MTA agencies and prime contractors in areas such as construction, IT, rolling stock manufacturing, and A/E professional services. In addition, DDCR will disseminate information about the Small Business Development Program.
Executive Summary

- **Certification Activity Report**

  Compared with the same period in the last two years, in **October 2018** DDCR received more DBE certification applications.   The Department of Diversity and Civil Rights examined the workforce composition of MTA Agencies as of September 30, 2018. The total workforce increased by 2% (1,215) compared with third quarter 2017 (3Q17).

  - Females represented 18% (13,444) of the workforce, a slight increase of 1% when compared with 3Q17 due to an increase in female representation within NYCT and an increase in the overall hiring activity combined with attrition.

  - Females were hired at a percentage above their current representation in the workforce due to targeted recruitment initiatives.

  - Minorities represented 69% (51,618) of the workforce, an increase of 3% when compared to 3Q17 due to an increase in minority representation within NYCT. This increase was due to continued participation in job fairs and outreach programs.

  - Minorities were hired at a percentage above their current representation in the workforce due to continued collaboration with the state and local government entities as well as educational institutions.
Executive Summary

Each Agency conducted a utilization analysis* of females and minorities in its workforce as September 30, 2018. Based on the utilization analysis, the majority of the underrepresentation MTA-wide for females and minorities occurred in the following EEO categories:

**Females:**

Strategies for Improvement

- Monthly meeting with agencies to maximize the allocation of projects to the Small Business Development Program. As of September 2018, MWDBE award participation achievement has been as follows:
  - 73% MWBE.
  - 56% DBE.

- Working with MTA operating agencies to design smaller contracts $3 million to $15 million in value to allow for greater MWDBE/SDVOB participation on prime contract awards.

- Conducting effective outreach to potential MWDBEs and SDVOBs in order to increase the pool of available certified firms to participate in the Small Business Mentoring Program.

- Targeted recruitment to encourage MWBE to compete as prime contractors.
Executive Summary

MWDBE and SDVOB Contract Compliance (Continued)

- DDCR has increased its contract monitoring activity to ensure greater MWDBE and SDVOB participation. Currently approximately more than 1,500 contracts are being monitored for MWDBE and SDVOB goal compliance.

- In order to safeguard against fraud and to ensure that MWDBEs and SDVOBs are performing a commercially useful function, DDCR has increased the number of visits to contract work sites. From January-November 2018, over 600 visits were conducted at various job sites. Current 2018 average through November of approximately 56 site visits per month is above DDCR’s goal of 50 monthly visits.

- In order to timely, and accurately assess MWDBE and SDVOB goal compliance and report accurate data to MTA funding partners, in conjunction with the operating agencies DDCR closed nearly 1,400 contracts.

MTA-Wide Underutilization Analysis
Overview

MTA and all agencies conducted a utilization analysis of females and minorities in its workforce. The utilization analysis consists of comparing the percentage of females and minorities in the workforce to the percentages of qualified females and minorities in the relevant labor market.

In general, as of September 30, 2018, females, Asians, Blacks and Hispanics were underrepresented in some of the EEO job categories. A majority of the underrepresentation occurred within the Technicians, Skilled Craft and Service Maintenance job categories.

The following charts provide shaded/bolded areas that represent underutilization for each agency by EEO job category: (1) the female and minority workforce percentages for each agency; (2) estimated availability of females and minorities based on 2010 Census data by EEO job category; and (3) whether or not the estimated availability percentages were met for females and minorities within each of the EEO job categories.

Note: The following numbers and information do not reflect underutilization for specific job groups. In addition, the numbers and information provided do not show statistical disparities or explain the reasons or provide a root cause analysis for any identified underutilization.
