Hely Duarte, President, Zion Contracting thanked the MTA for SBDP, and spoke about his company’s success with the program.

Murray Bodin stressed the importance of better communications, openness, and transparency.

Chair Metzger thanked the public speakers for sharing their success stories with SBDP. She said the program goal has been to give small firms an opportunity to be successful, not only in MTA contracts but in their businesses in general.

Approval of Minutes

Upon a motion duly made and seconded, the Committee approved minutes of the meetings held on September 27, 2017, December 13, 2017, February 20, 2018, May 21, 2018 and November 5, 2018.
Chair Metzger asked if there were any changes to the Work Plan. Mr. Din stated that there were no changes to the work plan. He added that the 2019 Work Plan is also included in the book for Committee’s review.

Executive Summary

Business and Diversity Initiatives

Mr. Din provided an update on various outreach events for MWDBEs, SVOBs, and other small businesses that DDCR organized and/or attended. He highlighted the annual VETCON event held in Albany, NY in November that MTA and agency staff attended. Mr. Din said this is a great opportunity for SDVOBs to network with public entities and prime contractors. Mr. Din also said that the MTA/FTA/COMTO DBE Opportunity Day will be held on December 13, 2018. He said the DBEs will have an opportunity to learn about upcoming contracting opportunities from MTA agency staff, prime contractors, and rolling stock manufacturers, and also to network. He said over 150 firms are scheduled to attend this event.

Certification Activity Report

Mr. Din reported on the DBE certification activity for October 2018. He said in this month DDCR received 26 new certification applications, which is twice the number received for the same period in 2016. He said 27 firms were certified as DBEs in October of 2018, which is more than firms certified for the same period in 2016 and 2017.

Third Quarter 2018 EEO Activities

Ms. Samuda stated that total MTA workforce increased by 2 percent compared to third quarter 2017. She said there are slight increases in female and minority representations, and females and minorities were hired at higher percentages than their current workforce representations.

Ms. Samuda stated that the higher percentages of female and minority new hires is due to MTA’s increased participation in job fairs and targeted outreach efforts.

Ms. Metzger said in the future MTA agency presidents will present to the Committee the strategies for improvement in this area.

SBDP Update

Mr. Cleary reported that in the Prequalification Program, 232 contractors are participating in the SBDP. He said last year there was a downward trend in program participation due to firms graduating from the program, and their failure to submit their financials in a timely manner.

Mr. Cleary also reported that in the Emerging Contractors Program, 53 firms were prequalified, and 21 firms satisfied the Tier 1 and 2 qualification requirements and have transitioned to Tier1. He said 18 firms are still under review for transitioning into Tier 1, and 15 firms were rescinded from the program for not meeting the prequalification requirements.

Mr. Cleary stated that 10 projects were awarded totaling $3.87 million. He reported that since program inception, 345 projects totaling $328.3 million in prime contracts have been awarded. He said currently in the 8th year of the program, 68 projects have been awarded, totaling $70.2 million.
Mr. Cleary stated that SBDP will provide a comprehensive website review and capability statement for the contractors. In addition, he said SBDP will provide additional training through the executive leadership training workshop and progressive capacity building by creating bidding opportunities for program graduates on MTA projects in the $3 million to $15 million range.

Mr. Garner stated that SBDP program year will now align with MTA fiscal year. Chair Metzger stated that by aligning the calendars it might become easier for MTA agencies to identify projects for SBDP.

Mr. Zuckerman inquired about the participation of SDVOBs in SBDP. Mr. Garner stressed the importance of SDVOB participation in SBDP. However, he said this has been a challenge as many of these firms do not conduct business in MTA service region. He said as mentioned earlier, MTA and its agency staff attended the VETCON conference in November 2018 to attract more SDVOBs. He said once sufficient number of firms have been identified, they will be placed on a bidders list, so they can compete for SBDP projects.

**M/W/DBE and SDVOB Contract Compliance Third Quarter 2018 Report**

Mr. Din reported that MTA's overall MWBE goal is 30% (15% for MBEs and 15% for WBEs). He said 15% MWBE participation was achieved in contract awards, and 26% was achieved in contract payments during the reporting period. Mr. Din also reported that MTA's overall SDVOB goal is 6% for the reporting period. He said 6.5% SDVOB was achieved in awards, and 3% was achieved in payments made on ongoing contracts for the same period.

Mr. Din reported that MTA's overall DBE goal is 18%. He said 15% DBE participation was achieved in awards, and 16% was achieved in payments for the 2018 federal fiscal year. However, he said contracts completed during the same period achieved 24% DBE participation. Chair Metzger asked if there was a delay in payments being made to DBEs. Mr. Garner said what is being reported is payments made during a particular time period. However, he said if DDCR finds out there is a delay in payments, it will reach out to MTA agency manager to ensure timely payments are made to primes, and then in turn to subcontractors, including MWDBEs and SDVOBs.

In regard to strategies for improvement, Mr. Din stated that DDCR has increased its contract monitoring activity. He said currently over 1,500 contracts are being monitored for goal compliance. In addition, he said site visits have increased. He said as of November, over 600 site visits were conducted, and currently, on average 56 monthly site visits are conducted, exceeding DDCR’s goal of 50 monthly visits.

Mr. Din stated that in order to timely and accurately assess contracts for MWDBE and SDVOB goal compliance, DDCR has continued to increase the number of contracts which are closed. He said currently that number is approximately 1,400.
Mr. Brown asked about the large differential in MWBE participation in total procurement awards made by MTA agencies. Mr. Garner said he will report back to Mr. Brown with an explanation.

In regard to legal fees for the period of April through September 2018, Mr. Din stated that MTA achieved 15% MWBE participation. He said in October 2018, 12% MWBE participation was achieved. Mr. Garner stated that he is monitoring MWBE participation on a monthly basis, and is optimistic that 20% MWBE participation can be achieved in the near future.

Mr. Moerdler asked how does MTA make sure that MWDBEs are not fronts for non-minority-owned firms. Mr. Garner said MTA and New York State employ rigorous certification processes to root out fraud. Mr. Din added that DDCR works closely with MTA Inspector General’s Office on these issues. He said if a red flag is raised, the firm is referred to that office for investigation. Mr. Garner said MTA also reaches out to the state if doubts are raised regarding MWBE certification. Mr. Murdler asked about checking the status of MWBE subcontractors. Mr. Din said DDCR conducts site visits to safeguard against fraud and to make sure that the firms are actually performing a commercially useful function. He said DDCR also checks if same subcontractors projected to perform the work are actually doing the work.

Mr. Jones asked if a firm’s performance on previous contracts is routinely checked. Mr. Garner replied that checking a firm’s previous performance is part of the review process.

**Capital Projects**

Mr. Din reported that 17% DBE participation was achieved in federally funded capital awards, and 16% DBE participation was achieved in payments on ongoing contracts. He said for state-funded capital projects, there was 15% MBE participation in contract awards, and 12% participation in payments made on ongoing contracts. Mr. Din also reported 4% SDVOB participation in awards, and 1% participation in payments on ongoing contracts.

**Financial Services**

Mr. Isom provided an update on financial services, and stated that there was no change in MWBE and SDVOB participation from the last report made in November 2018. He said an update will be provided in February 2019.

Mr. Isom added, and Mr. Garner agreed that large financial firms are seeking to diversify their teams in response the steps MTA is taking to increase MWBE and SDVOB participation in this area.

Chair Metzger commended Mr. Garner and MTA President Patrick Foye for high utilization rates in this area. Mr. Garner said credit also belongs to Robert Foran, MTA Chief Financial Officer, and Patrick McCoy, MTA Director, Finance.

Mr. Moerdler asked how does MTA make sure that it is achieving its MWBE and SDVOB goals in this area. Mr. Isom said firms are given assignments as lead underwriters on a rotational basis, and MWBE and SDVOB firms earn fees as co-managers.

**Asset Fund Managers**

Mr. Din reported that of the total assets, MWBEs manage $1.2 billion (15%) in assets.
Mr. Garner recognized the DDCR staff for their continued hard work, and congratulated Ms. Harleston on her recent promotion.

**Adjournment**

Chair Metzger concluded the meeting, and upon a motion duly made and seconded, the meeting was adjourned.

Respectfully submitted,

Faith Beauzile,

In general, as of December 31, 2018, females, Asians, Blacks and Hispanics were underrepresented in some of the EEO job categories. A majority of the underrepresentation occurred within the Technicians, Skilled Craft and Service Maintenance job categories.

The following charts provide shaded/bolded areas that represent underutilization for each agency by EEO job category: (1) the female and minority workforce percentages for each agency; (2) estimated availability of females and minorities based on 2010 Census data by EEO job category; and (3) whether or not the estimated availability percentages were met for females and minorities within each of the EEO job categories.

Note: The following numbers and information do not reflect underutilization for specific job groups. In addition, the numbers and information provided do not show statistical disparities or explain the reasons or provide a root cause analysis for any identified underutilization.

Message To The Board

I. Message From MTACC’s President

- I am committed to advancing an organizational attitude that capitalizes on the true profits of an innovative, diverse, inclusive and respectful workforce. Each employee at Capital Construction is an intersection of multiple facets of diversity. Diversity nourishes innovation. True innovation thrives in an inclusive environment that values diverse ideas, leverages unique perspectives and invites everyone to achieve collaborative breakthroughs across the entire organization.

- Bias, discrimination and exclusion stymy diversity and innovation and impact performance. These behaviors are not aligned with MTACC values. I remain committed to leveraging the tenets embodied in the principles of civil rights, equality and fairness in all MTACC activities.

II. Keeping Employees Informed Of Their EEO Rights

- The role and responsibilities of MTACC’s Chief EEO Officer, Dr. Rosalyn Green, were reiterated at the January 2019 All Hands Meeting. Dr. Green is charged with ensuring that all MTACC employees are aware of and take steps to comply with internal policies and relevant EEO laws and regulations.

- We distributed two interagency emails to remind all MTACC employees (and work affiliates) that MTACC has zero tolerance for discrimination and harassment.
III. MTACC’s 2018 End-of-Year Key Accomplishments

Our strong commitment to diversity is reflected by our workforce: Minorities represent 57% of our current workforce, 60% of employees promoted and 55% of the new hires during fiscal year 2018. Women have made significant advancement in all areas of the construction management industry. MTACC is proud to report that 60% of our promotions and 27% of our new hires were female.

MTACC will continue to hire, compensate and promote individuals according to their abilities. Implied in our values is the belief that professional qualifications— not gender, race or other personal characteristics—are key to leadership potential.

- We achieved our goal to establish a Diversity and Equal Opportunity Department, and welcomed our first Chief EEO Officer, Dr. Rosalyn Green, in May 2018.

- We expanded our internship program and exposed several underrepresented groups to opportunities at MTACC. Seven STEM* college students (five minority, four female) in engineering and finance disciplines worked on MTACC projects. In 2018, we successfully hired two minority females as full-time employees who are graduates of our internship program.

- We incorporated diversity and cultural competency training into our professional development program. Throughout the month of November, all employees participated in our “Respect in the Workplace” Diversity Dialogue Sessions. During these interactive workshops, employees identified behaviors that supported an innovative, inclusive and respectful environment and adopted them as MTACC’s Ten Standard of Respect.

*Science, Technology, Engineering, and Mathematics
IV. MTACC’s 2019 Mid-Year Key Diversity Initiatives

As MTACC streamlines processes to control costs required to manage our capital projects, we will remain diligent in our efforts to address areas of underutilization within the workforce. We are customizing our strategies to ensure that the current hiring freeze does not stagnate current initiatives to improve diverse hiring.

- We will continue to measure every aspect of our recruitment, screening, and hiring process to identify roadblocks to a more diverse workforce.

- Diversity recruiting requires strategy and relationship building. MTACC will expand working relationships with external constituencies and participate in targeted or hosted recruitment events to further brand MTACC as an “employer of choice” for recruitment of employees in areas of underrepresentation.

- In an effort to retain our highly diverse workforce and influence top performer to remain in their roles during this restriction period, we will be very focused on development of our internal talent. We will identify employees with leadership potential and prepare them for higher-level positions. We see leadership workshops as a way to develop more cross-functional teams and increase the qualifications of internal employees who want to move into a higher role when it is available.

Strategies to Improve Utilization in the Workforce

February 25, 2019
I. Message From Catherine Rinaldi, MNR President

- I am committed to increasing diversity in the workforce and maintaining a culture that embraces our differences. Our Agency and its leadership support these values through implementation of Metro-North’s Strategic Plan that identifies “Our People” as our greatest resource.

- MNR’s diversity goal is to increase the representation of females, minorities, veterans and individuals with disabilities throughout the organization.

II. Keeping Employees Informed Of Their EEO Rights

- In an effort to ensure that our employees are aware of their EEO rights, MNR’s Office of EEO & Diversity trained approximately 3,700 employees via trainings on EEO, Harassment, & Respect in the Workplace, Leadership Core 2, Recertification for Conductors and Locomotive Engineers, Foremen in Training, and New Hire Orientation during this reporting period.

- To ensure employees are protected against retaliation, MNR disseminated EEO policies via e-mail, intranet, MNR campus postings, and employee group trainings.
III. MNR's 2018 End-of-Year Key Accomplishments

- In efforts to retain females and promote veteran professional development, MNR hosted a Lunch & Learn Forum honoring female veterans' contributions to MNR with female veterans discussing the topics of mentoring, work/life balance, and promotional opportunities for veterans in transportation. In addition, MNR issued our veteran workforce a Veteran’s Coin to recognize their service. We also honored veterans by holding a Veterans Day Wreath Laying ceremony at Grand Central Terminal.

- MNR continued its interactive and engaging in-person training: EEO, Harassment, & Respect in the Workplace. The training apprises employees of their EEO rights and responsibilities as well as strengthens professional relationships across the MNR workforce. Over 3,000 employees have received this in-person training.

- As part of MNR’s the “Way Ahead Plan” we commenced a partnership with local high schools such as Alfred E. Smith Career and Technical HS to create apprenticeship programs for minorities. We also worked with Non-traditional Employment for Women (NEW) and sponsored a skilled craft class for the participants. In executing the Plan’s objective to hire, retain, and stabilize MNR’s workforce, external outreach efforts were established with universities, libraries, veterans organizations, and job fairs to attract a diverse, quality workforce.
IV. MNR's 2019 Mid-Year Key Diversity Initiatives

- Although limited by budget restrictions, MNR will increase outreach to local municipalities, mayors and local officials and re-introduce MNR to our customer base to establish recruitment initiatives for females, minorities, veterans, and/or applicants/persons with disabilities in the skilled craft trades.

- To engage our workforce, MNR has planned panels, speakers and published articles to celebrate Black History Month, National Women’s History Month and accomplishments of other minorities underrepresented at MNR. MNR is also continuing our Women’s Book Club series.

- By June 2019, MNR’s office of EEO and Diversity will roll out our initial Employee Resource Groups.

All employees, applicants for employment and certain non-employees in the workplace shall be protected from retaliation or harassment for filing a complaint or participating in an investigation of a complaint, participating in any employment discrimination proceeding or other protected activity. Such retaliation or harassment is strictly prohibited and will not be tolerated. The MTA is committed to providing reasonable accommodations to applicants and employees who need them because of a disability or pregnancy/childbirth or related medical condition, or to practice or observe their religion, absent undue hardship as required by applicable law.

The MTA is fully committed to complying with all applicable laws and regulations that call for the establishment and implementation of a program providing equal employment opportunities for all employees, applicants for employment and certain non-employees in the workplace. To that end, MTA has developed a written nondiscrimination program that sets forth the policies, practices and procedures, with goals and timetables, to which MTA is committed. This program is available for inspection upon request. All managers and supervisors share in the responsibility for complying with and promulgating this program and are assigned specific tasks to ensure and achieve compliance. Their performance in connection with this responsibility will be evaluated in the same manner the agency evaluates their performance in other agency programs.
