Dear Mr. Moser,

This responds to request for comments regarding the MTA New York City Transit Canarsie Tunnel Project– Supplemental Environmental Assessment and Section 4(f) Review dated July 2018. The U. S. Coast Guard (USCG) Bridge Program has reviewed the document and offers the following comments:

1. Approved Project -
Should any work related to bridge improvements over the East River or any other navigable waterway be conducted, to ensure that the needs of marine navigation are considered during construction, it is imperative that we continue to be included in construction planning and scheduling.
2. I have attached the *USCG Bridge Administration – General Construction Requirements* for your reference should any work above or on a navigable waterway be necessary.

Thank you for the opportunity to comment on the MTA New York City Transit Canarsie Tunnel Project. Please contact me at the above telephone number or at christopher.j.bisignano@uscg.mil if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "C. J. Bisignano".
